

PRESS RELEASE

Irisbus Iveco presents the new Recreo and Evadys H

Irisbus Iveco, the Iveco sister company operating in the field of passenger transportation, has presented at the Mit International in Paris, the world's largest trade fair for group tourism professionals, two world première: the new Recreo and the Evadys H.

The new Recreo, after ten years of success, has given way to a completely updated vehicle, with new design and new Euro 4 engines. It will continue to lead the way in the world of school transport, placing the priority on the safety of its young passengers.

Evadys H is destined to open new perspectives for tourism, due to the fact that it is designed to be versatile. The vehicle shows the full range of its talents by being equally suitable for "regional route" operations and "local tourism". Evadys coaches are powered by the new generation of Euro 4 Cursor engines that exhibit excellent performance.

At the Mit International Irisbus Iveco exhibited on its stand other new vehicles for the French market: Daily Tourys, Proway, Crossway, Arway, Domino, and Evadys HD with the new dashboard and Euro4 engine.

Irisbus Iveco

Irisbus, the worldwide renowned Iveco's brand for passenger transportation, has made its priority to offer comfortable, pleasant and safe rides in its vehicles. Irisbus Iveco equally cares the drivers' quality of life and offers maximum return on investments to bus fleet owners. All this is obtained pursuing sustainable development, enviro-friendliness and respect for individuals.

Iveco

Iveco designs, manufactures, and markets a broad range of light, medium and heavy commercial vehicles, off-road trucks, city and intercity buses and coaches as well as special vehicles for applications such as fire fighting, off-road missions, defence and civil protection.

Iveco employs 32,000 people and runs 43 production units in 18 Countries in the world using excellent technologies developed in 15 research centres. Besides Europe, the company operates in China, Russia, Turkey, Australia, Argentina, Brazil, and South Africa. More than 4,500 service outlets in over 100 Countries guarantee technical support wherever in the world an Iveco vehicle is at work.
