IVECO

New Iveco School Buses for Ministry of Education in Lithuania

Iveco, for the second time running, has won the tender for the supply of school buses, organised by the Lithuanian Ministry of Education. After the delivery school buses last year, the choice of Iveco has been reconfirmed. The 38 new ECODAILY 50C17V 19 seat buses were delivered in the presence of the Prime Minister, Andrius Kubilius, and the Education Minister, Gintaras Steponavicius.

The new Iveco minibuses are in yellow, the traditional school bus colour, and will increase the already large number of school buses that the Lithuanian government makes available to primary school pupils.

ECODAILY, a particularly efficient and environmentally friendly vehicle, was once again considered to be the best choice for this type of mission.

Iveco

Iveco designs, manufactures, and markets a broad range of light, medium and heavy commercial vehicles, off-road trucks, city and intercity buses and coaches as well as special vehicles for applications such as fire fighting, off-road missions, defence and civil protection.

Iveco employs almost 25,000 people and runs 23 production units in 10 Countries in the world using excellent technologies developed in 6 research centres. Besides Europe, the company operates in China, Russia, Australia and Latin America. Around 5,000 sales and service outlets in over 160 Countries guarantee technical support wherever in the world an Iveco vehicle is at work.
