# DAILY BUSINESS UP™ QUICK START GUIDE

## THREE STEPS

1

DOWNLOAD & REGISTER

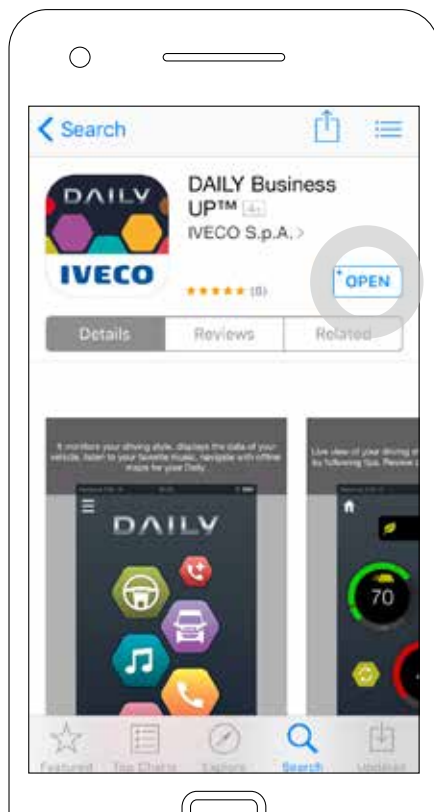

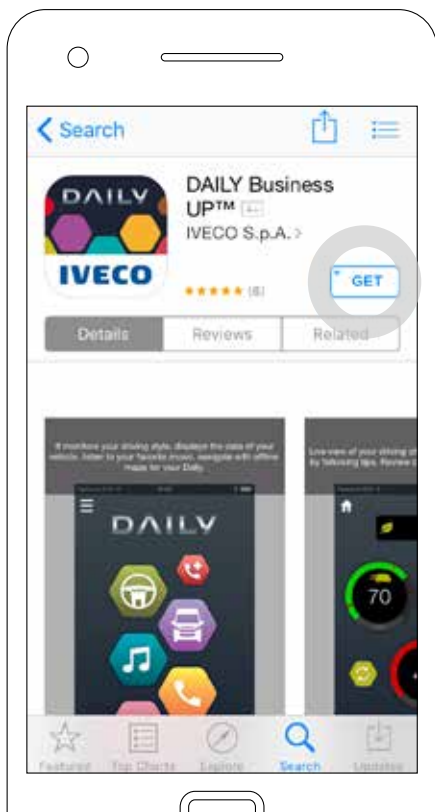

2

CONNECT WITH YOUR DAILY

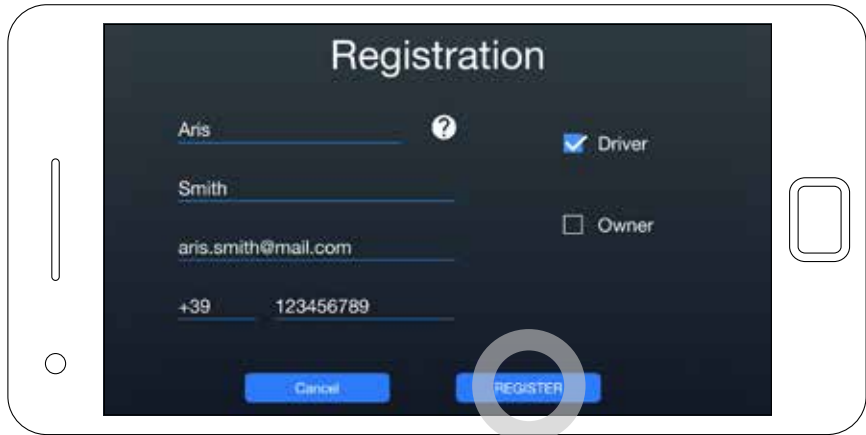

3

CUSTOMIZE

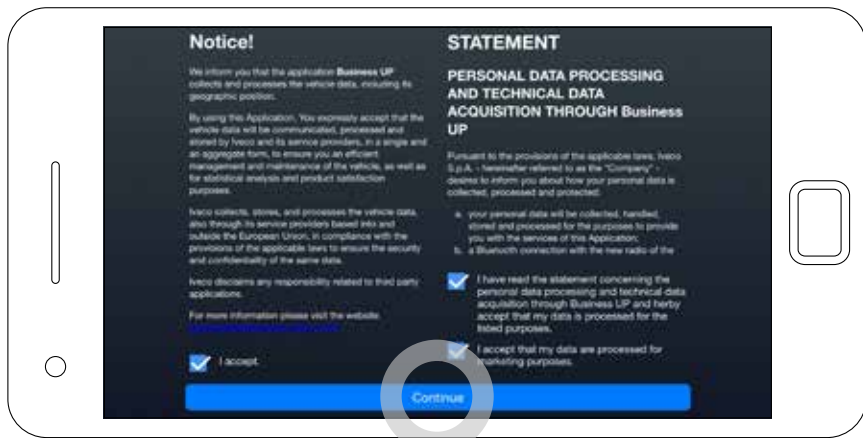

- Download the free DAILY BUSINESS UP™ from your store and launch the app

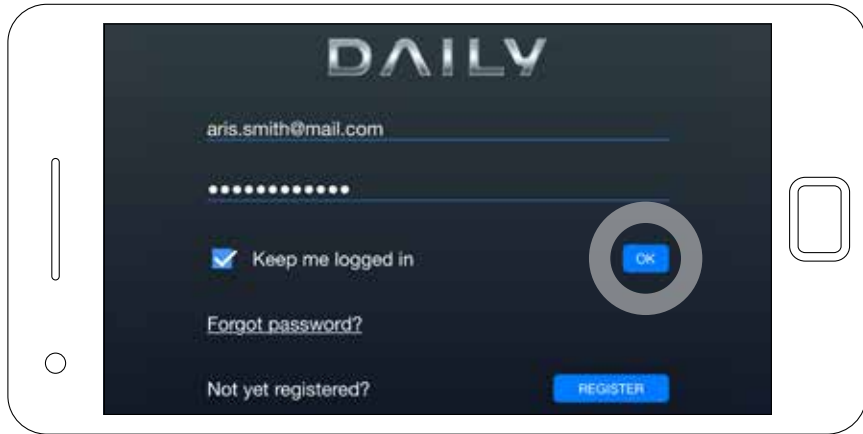

- Register by inserting your name, your email, your phone number and by choosing between the options Driver of the vehicle and/or Owner of the vehicle

A smartphone screen displaying a registration form. The title is "Registration". The form has four input fields: a name field with "Aris" and a question mark icon, an email field with "Smith", an email address field with "aris.smith@mail.com", and a phone number field with "+39" and "123456789". To the right of the name field is a checked checkbox labeled "Driver". To the right of the email field is an unchecked checkbox labeled "Owner". At the bottom are two buttons: "Cancel" and "REGISTER". A grey circle highlights the "REGISTER" button, and a large grey arrow points upwards from below the phone.

- Get informed on the terms and conditions, accept to continue

- Within seconds you will receive an e-mail with the link for the registration confirmation. If you do not confirm the registration within 24 hours, you need to register again.

- Registration completed successfully, now it's time to connect with your vehicle!

- Turn on your DAB Radio

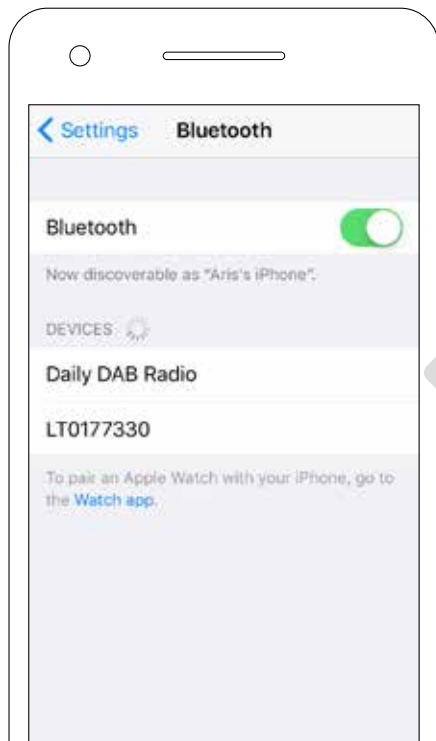

- Select the "Connectivity" option from the "Menu" screen

- Select the "Pair a Device" option

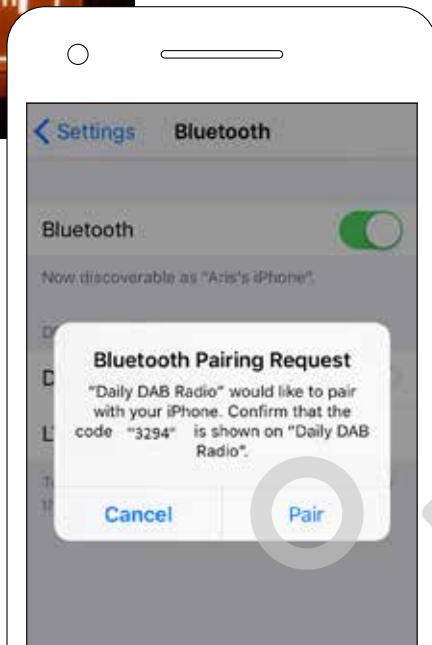

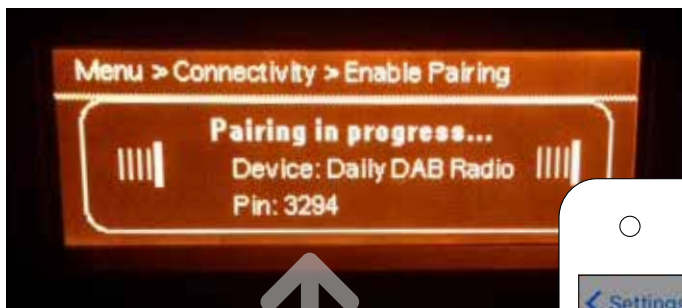

- Now get your device and activate the Bluetooth
- From the Bluetooth option screen on your device, select the "Daily DAB Radio" option

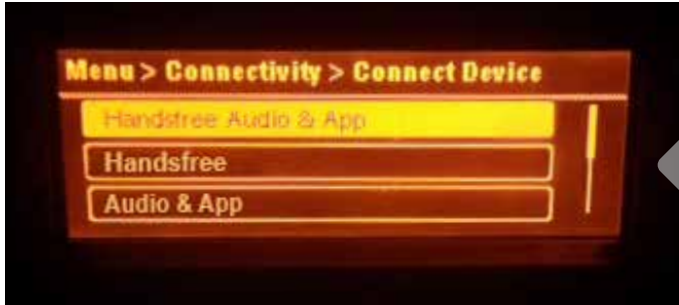

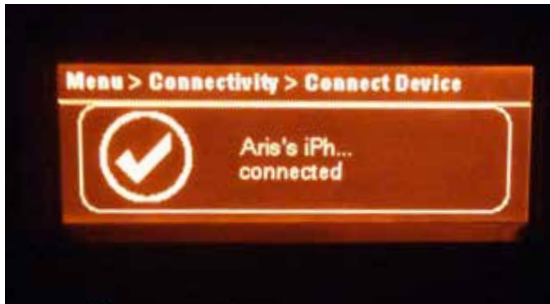

- Verify that the code displayed on your device matches the one on the DAB Radio and confirm with "Pair"

- Select the connectivity you prefer ("Handsfree & Audio & App" recommended) on the DAB Radio

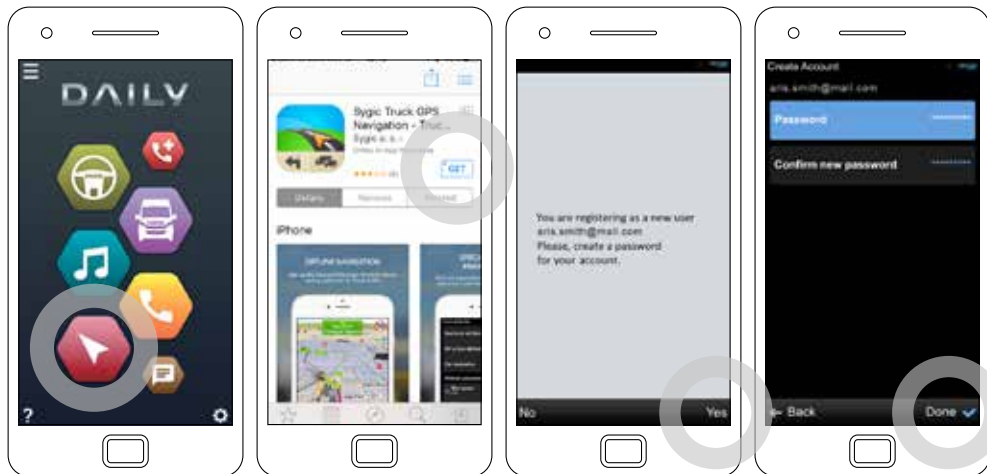

- Now your device and your DAILY are connected!

Customize the many functions the DAILY BUSINESS UP™ can offer, such as:

- **Your Professional GPS Navigator**

While connected to your Daily access your professional GPS Navigator by downloading the "Sygic" add-on

- Your 24/7 road side assistance by downloading and registering with your e-mail and phone number

- Customize your own Extended Dashboard

Thanks!
