# ON-BOARD CONNECTIVITY

## THE SIMPLE WAY TO KEEP YOUR BUSINESS CONNECTED

The Daily €6 introduces a new way of delivering connectivity: you don't need any additional equipment, just your smartphone or tablet. Once you've downloaded the NEW DAILY BUSINESS UP™ app on your device, it will automatically establish a Bluetooth® connection with the vehicle through the DAB radio; it is now fully integrated and in direct communication with your Daily €6 and its engine. Now you're set: with NEW DAILY BUSINESS UP™ on your device, just start the engine, switch the radio on, and you are connected. You can enjoy the benefits of the dual role it can play for your business, driver and business assistant.

### IMPROVE YOUR DRIVING STYLE AND REDUCE FUEL CONSUMPTION

Improve your driving style and reduce your fuel consumption by monitoring and giving real time suggestions to maximise fuel savings through optimum use of acceleration, engine performance and vehicle rolling inertia.

### THE BEST "MOBILE WORKING PLACE" TO INCREASE YOUR PRODUCTIVITY

The new level of connectivity provided by NEW DAILY BUSINESS UP™, together with the very quiet cab, will enable you to fully exploit the opportunities offered by a highly professional working environment.

### OPTIMIZE YOUR FLEET AND WORKFORCE EFFICIENCY

Always find the best route with the Sygic professional GPS navigator and optimize your fleet's deployment. Schedule jobs and dispatch them in real time to the drivers with the fully integrated FleetWork.

### A NEW WORLD OF CONNECTIVITY AND SERVICES THROUGH YOUR DEVICE

The NEW DAILY BUSINESS UP™ is an open platform in continuous improvement that allows you to be in direct communication with your Daily €6 and its engine. You don't need any additional equipment, just your smartphone or tablet!

**PROVIDING FEATURES THAT WILL BE CONSTANTLY UPDATED TO MEET THE EVOLVING BUSINESS NEEDS OF TODAY'S TRANSPORT PROFESSIONALS**

## YOUR DRIVER ASSISTANT

### DRIVING STYLE EVALUATION

The unique Driving Style Evaluation, which acts as an on-board instructor, gives you real time suggestions to help you optimize the way you drive and maximize fuel savings, up to 15%!

### PROFESSIONAL GPS NAVIGATION SYSTEM

The Professional Navigator by Sygic, with detailed 3D maps, real-time traffic alerts, information on routing and restrictions based on vehicle size and load, helps drivers find the best route, saving time and money!

### INTERACTIVE USER HANDBOOK

Quickly and easily access any information about your vehicle using the Interactive User Handbook.

### MEDIA & SMARTPHONE FUNCTIONS

Enjoy all the radio functionalities and the multimedia content on your device or USB stick. All mobile phone functionalities are enhanced as in a high-end car, including listening to and viewing text messages for safer driving.

## YOUR BUSINESS ASSISTANT

### FLEETWORK

Optimize fleet efficiency by scheduling and dispatching jobs to the drivers, organizing their routes and assignments with FleetWork, which is fully integrated in the Sygic Navigator!

### VEHICLE EFFICIENCY MANAGEMENT

Take care of your Daily €€ with many valuable and handy tools such as: Extended Dashboard, Vehicle Card, Maintenance Plan Schedule and Interactive User Handbook. Always available at your fingertips!

### IVECO NON-STOP ASSISTANCE

Wherever you are, whatever the time, keep your Daily €€ and your business running! IVECO NON-STOP is now fully integrated in the NEW DAILY BUSINESS UP™ for 24/7 roadside assistance.

### DEALER & WORKSHOP LOCATOR

Find and get in contact with IVECO's professional and specialized service network whenever you need it.

The NEW DAILY BUSINESS UP™ offers all this functionalities and much more are coming, including: integrated rear camera, load tracking system, remote control of the body and hands-free doors control.
