DESIGN

DESIGN

DESIGN

IVECO FAMILY FEELING. Featuring a cab inspired by the IVECO award winning STRALIS cabs, the NEW 682 is characterized by the **"V-shape"** front grille.

Unique integrated headlamps, advanced side deflectors and smooth high roof design outline a modern cab that ensures an **outstanding aerodynamic performance.**

COMFORT & ERGONOMICS

COMFORT & ERGONOMICS

THE CAB

The cab is extremely comfortable: the design with low engine hood creates a huge internal space. The height of the cabin of 2200 mm allows the driver an easier life on board and provides an **ideal living** and **relaxing environment**, night and day. Moreover, the large windscreen allows optimum visibility, the steering wheel is fully adjustable and all the controls can be easily identified and quickly reached to assure safe control of the vehicle at all times.

MAINTENANCE

The functional arrangement of the components under the front grille offers an easy everyday **maintenance**.

LATEST ELECTRONIC SYSTEM

Relying on years of development experience in IVECO and tested solutions in the toughest conditions, the NEW 682 adopts a multi-function display instrument cluster and **CAN-BUS** technology.

| ····· | | | | | |

CHASSIS CAB

Apparently similar to the tractor version, the cabs offered with the chassis cab range stand out for their easy in cab access thanks also to the ergonomic entrance steps.

The steel bumper helps to increase the **robustness** of the cabin and the overall reliability.

PERFORMANCE

| The NEW 682 is powered by IVECO FIAT POWERTRAIN |
|--|
| CURSOR 9 and CURSOR 13 engines setting a new |
| standard of reliability and performance for the customers. |
| These engines, equipped with the latest generation common |
| rail fuel injection system, generate maximum torque availability |
| in a wide operative range starting from a very low rpm rate |
| (1000 rpm), delivering optimum elasticity and top driving |
| performance in any condition. |
| Moreover, the low engine weight contributes to reduce the kerb |
| weight of the vehicle and, at the same time, it offers the most |
| competitive standards in fuel economy and low maintenance |
| costs , extending engine oil change cycles. |
| |
| CURSOR 9 |
| This inline 6 cylinder engine with a displacement of 8.7 liters is |
| available in 2 different powers: |
| © 290 HP |
| 9 340 HP |
| |
| |

CURSOR 13

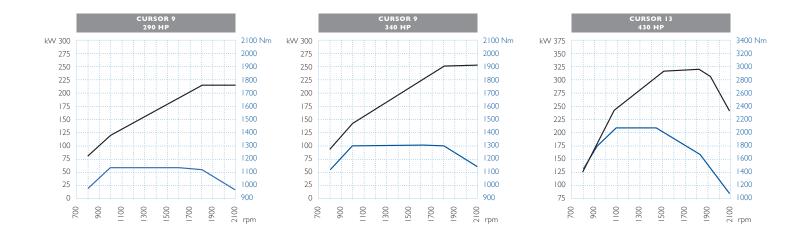

This inline 6 cylinder engine with a displacement of 12.8 liters is available in:

RELIABILITY

REAR AXLES

8 |

The NEW 682 is offered with a driveline equipped with two different types of rear axles:

Hub reduction

Single reduction

The wide choice of rear axle ratios enables the NEW 682 to match the market demand for strong traction, high speed, heavy loads and low fuel consumption.

CHASSIS

The NEW 682 adopts an high tensile steel chassis with different thickness according to the model:
Truck Tractor - single chassis 8 mm

Chassis Cab - double chassis (8 + 4) mm

GEARBOX

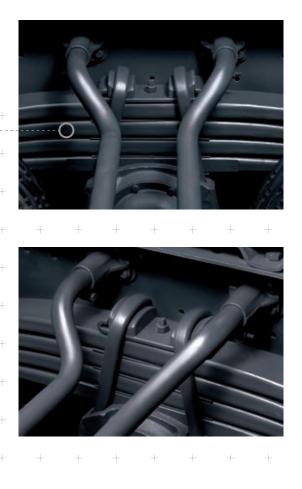

The gearboxes available on the NEW 682 are all about ergonomics and performance. NEW 682 Can be equipped with **9 or 12 speed mechanical gearbox** depending on the versions and torque required.

Two different PTOs are available to suit a wide range of body applications.

-- SUSPENSIONS

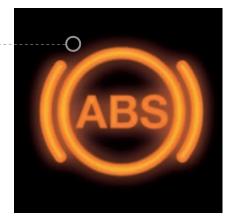

The suspension systems adopted on the NEW 682 assure high robustness and reliability and are available in two different versions:
Parabolic spring for enhanced comfort and reduced weight, specifically designed for every kind of mission.

Semielliptical spring with exceptional robustness and reliability, specifically designed for extra heavy and tipper missions.

All NEW 682 cabs provide the highest level of safety insurance for driver and passengers. An efficient braking system equipped with ABS is standard on all versions to protect the driver, the loads and the vehicle.

YOUR VEHICLE IN GOOD HANDS

Any professional driver knows how essential it is to be able to count on someone with the right skills and equipment to take complete care of their vehicle. Which is why IVECO - the designer and builder of your vehicle - guarantees you **the very best assistance.** IVECO offers you products and services of tried and tested excellence, provided by an extensive support network of technicians and professionals trained to deliver solutions, whatever the job or the situation. In addition, using the IVECO Service Network, you also benefit automatically from the **IVECO Original Parts Warranty.** This means maintaining the tip-top performance of your vehicle and your business in the long term. Select your nearest IVECO dealer or workshop, using the locator on the website: **www.iveco.co.za**

ORIGIN: A CERTIFIED QUALITY SYSTEM

Origin 100% IVECO is the chain of excellence through which the company certifies and guarantees the total quality of the entire procurement and distribution cycle for its original parts, and the expertise of its Service Network. Because Origin 100% IVECO is more than a brand - it is our philosophy.

THE PERFORMANCE OF YOUR IVECO REMAINS UNCHANGED OVER TIME

The excellence of IVECO performance is guaranteed over time thanks to the use of **original parts**, designed by the same experts who built your vehicle.

INTENSIVE AND RIGOROUS TESTING

The quality of IVECO Original Parts is certified through specific, rigorous and meticulous tests: the only way to be 100% certain of their exceptional quality and durability.

PERFECTLY BORN-AGAIN

A wealth of exceptional know-how accumulated during recent decades has enabled IVECO to become a genuine leader in the remanufacturing sector. Advanced technologies, highly sophisticated tooling and ultra-rigorous testing procedures enable IVECO to breathe new life into engines and gearboxes, ensuring performance entirely comparable to the original parts.

IVECO SHOP: DETAILS MAKE THE DIFFERENCE

IVECO Shop has created a comprehensive line of accessories tailored to suit your vehicle, your mission and your tastes. With these, you can customize your IVECO, making it even more stylish, comfortable, safe and technological. Exterior, interior, safety, comfort and hi-tech accessories: everything you could possibly need is right here. The choice is yours. Have a good trip.

AN EXTENSIVE, PROFESSIONAL NETWORK FOR A CONSTANTLY EFFICIENT VEHICLE

IVECO workshops provide the manufacturer's quality combined with the skill of technicians who know your vehicle like no-one else. Specialised diagnostic and repair equipment such as E.A.S.Y. and its accessories Easy Scope & Easy Skite guarantee speed and efficiency even for remote assistance (teleservices).

THE ORIGIN 100% IVECO TEAM: individual excellence ensures total excellence. Always, 100%.

Customers choose the best. Origin 100% IVECO workshops demonstrate their excellence every day, with the Team as an exclusive point of reference, the only service with the credentials to achieve 100% customer satisfaction. Always. The specific skills of individuals and their unique values come together in the Team. The result is total efficiency, work of the highest standard and tremendous strengths: skill, understanding, helpfulness and quality repairs performed without delay. These are the winning formula.

IVECO MEDIA

IVECO was the first manufacturer to construct and **develop a profile in the** world of social networking, with an up-to-date, coordinated presence and unique global access.

The Internet and social networking presence is a service that IVECO provides to its customers to guarantee more extensive and instantaneous information on products, services, technologies, events and sales promotions.
