

## **IVECO South Africa launches new Daily 4x4 full line up offer of go-anywhere vehicles**

*The new Daily 4x4, entirely manufactured by IVECO, is the first 7-tonne GVW 4x4 vehicle with a payload of up to 4,300 kg in the market with a choice of body lengths up to 5 m.*

*The new Daily 4x4 family features a 150 hp, 3.0 litre engine and offers absolute driving pleasure with the exclusive Hi-Matic 8-speed automatic gearbox and top safety with all disk brakes with ABS and Electronic Stability Program (ESP).*

Johannesburg, 23 March 2020

IVECO South Africa has officially introduced the full line up of the new Daily 4x4 off and all-road vehicles for the country. The latest generation of IVECO's 'go-anywhere' vehicle builds on this product family's heritage of unlimited versatility, extreme robustness and high driving comfort. It extends the offering with new all-wheel drive configurations, a choice of manual and the class-exclusive 8-speed Hi-Matic gearboxes, new van versions, and the unique 7-tonne GVW 4x4 vehicle with a payload of up to 4.3 tonnes.

The new Daily 4x4 range offers a full line up of permanent all-wheel drive vehicles. Available as single and crew cab chassis models in 3.5, 5.5 and 7.0 tonne GVW versions, the range offers a choice of single and double-wheel configurations for off and all-road applications. Powered by IVECO's 3-litre, 150 hp, Euro 3 engine and featuring a new transfer box that splits torque 50/50 to front and rear and 3 mechanical differential locks, the range is able to accomplish any mission on all types of terrain with ease. Customers can choose the manual transmission with 12 forward and 2 reverse gears or opt for the absolute driving pleasure of the class-exclusive Hi-Matic automated transmission with 16 forward and 2 reverse gears. The new range also offers advanced safety features such as the all-around disk brakes with ABS (Anti-lock Braking System) and ESP (Electronic Stability Program) specifically conceived for these 4x4 vehicles.

IVECO is also extending the Daily 4x4 family with a new van line up offering 5.5 and 7.0 tonne versions featuring the same engine and the same choice of transmissions. The spacious vans offer cargo volumes ranging from 9 to 18 m<sup>3</sup> for the single wheel off-road and from 16 to 18 m<sup>3</sup> for the twin wheel all-road.

PRESS RELEASE

At the top of the range, the line-up introduces an industry first: the new 7.0 tonne vehicle. With payload up to 4.3 tonnes, maximum load of 2.7 tonnes on the front axle and 5 tonnes on the rear axle, and body lengths of up to 5 metres, this new line takes the versatility of the Daily 4x4 to a new level.

The new Daily 4x4 vehicles are entirely manufactured by IVECO can be customised for body builder projects. The new Daily 4x4 is ready to take on every mission, all- and off-road, with an extensive line up, unique strength, and superior driving comfort. The extensive line up of the IVECO Daily 4x4 offers the right vehicle for every mission – even the toughest challenges in the remote and rugged of areas. Applications are as varied as the range is versatile. The list includes emergency rescue, firefighting, leisure, mining and construction support vehicles, policing and security, border patrol and many other applications where vehicle performance is a non-negotiable.

## IVECO

*IVECO is a brand of CNH Industrial N.V., a World leader in Capital Goods listed on the New York Stock Exchange (NYSE: CNHI) and on the Mercato Telematico Azionario of the Borsa Italiana (MI: CNHI). IVECO designs, manufactures and markets a wide range of light, medium and heavy commercial vehicles, off-road trucks, and vehicles for applications such as off-road missions.*

*The brand's wide range of products include the Daily, a vehicle that covers the 3.3 – 7.2 ton vehicle weight segment, the Eurocargo from 6 – 19 tonnes, the Trakker (dedicated to off-road missions) and the Stralis, both over 16 tons. In addition, the IVECO Astra brand builds off-road trucks, rigid and articulated dumpers as well as special vehicles.*

*IVECO employs close to 21,000 individuals globally. It manages production sites in 7 countries throughout Europe, Asia, Africa, Oceania and Latin America where it produces vehicles featuring the latest advanced technologies. 4,200 sales and service outlets in over 160 countries guarantee technical support wherever an IVECO vehicle is at work.*
