

NEW STRALIS HI-WAY

WORKING ON THE HI-WAY

ACCESSORIES LINE

**IVECO**

WORKING ON THE **HI-WAY**  
YOUR WAY.

With the NEW STRALIS HI-WAY, IVECO has set new standards of design, performance and technology in the world of work, and then surpassed them one by one.

Now IVECO SHOP has created a line of accessories designed around your needs and your work as a driver: so that you can customise your NEW STRALIS HI-WAY, and make it even safer, even more comfortable and just the way you want it.

From exterior to interior, from safety to technology, every detail can be customised: because it's the details that make the difference.

With the NEW STRALIS HI-WAY, travelling means achieving major goals every day; and the first is complete freedom of choice.

## HI - BREAK

All the flavour of perfect Lavazza espresso at your finger-tips: for the utmost pleasure on the road. Only 8 cm in diameter, heats in just 2 minutes. Makes one cup at a time. Needs refilling with water after each cup.

500050319 - BUILT-IN ESPRESSO MACHINE  
500050318 - AFTER-MARKET ESPRESSO MACHINE

## HI - PORTABLE

The storage compartments in the NEW STRALIS HI-WAY are the height of practicality, so that your belongings are always tidy and to hand.

The "Hi-Portable" bag, available in two sizes both designed to fit perfectly into the storage compartments, is another handy accessory for drivers of the NEW STRALIS HI-WAY.

500050320 - LARGE BAG  
500050321 - SMALL BAG

## HI - LIGHT

The complete Internal Lighting kit is the custom solution for setting up the lighting in your cab just the way you want it. Lighting plays a key role in any environment: it affects your mood, your concentration and the way you feel. That's why choosing the type of lighting you want in your work environment makes you see everything... in a completely different light.

The kit includes all the necessary items for customising 8 lights (4 for the door panel pockets, 2 for the side pocket and 2 for the overhead windscreen storage unit).

500050315 - COMPLETE INTERNAL LIGHTING KIT

## HI - VISION

The infotainment equipment on the NEW STRALIS HI-WAY combines innovation, technology and ease of use.

The Blaupunkt Hi-Vision system includes TV, TV Decoder, DVD, 6 speakers for a total of 520W, 700W amplifiers and subwoofers with maximum power of 400W.

500050307 - AUDIO/VIDEO KIT

**BLAUPUNKT**

## HI - SOUND

The NEW STRALIS HI-WAY has also redefined sound with the Hi-Sound audio system, which includes speakers for a total of 520W, 700W amplifiers and subwoofers with maximum power of 400W. An audio system designed to maximise the quality of your time on board.

500050308 - AUDIO KIT

**BLAUPUNKT**

## HI - SAFETY

If you want to add even more to the range-topping safety features of the NEW STRALIS HI-WAY, there's a string of optionals to choose from for the ultimate in safety. These include Trak Camion snow chains, one of the most dependable solutions on the market when it comes to tackling winter conditions. Thanks to their patented fitting system, they fit onto the outer side of the wheel only, so you don't have to struggle to get them over the inside. Other accessories are available for every trip you take in your NEW STRALIS HI-WAY to ensure your peace of mind and your vehicle's security, including an anti-siphon device, to prevent fuel theft, a stainless steel compressed air horn and a black, two-tone horn with 24 Volt electro-pneumatic compressor and IVECO logo.
