

Press Release

IVECO and Saeed Mohammed Al Ghandi & Sons complete the delivery of over 50 units IVECO T-Way and Eurocargo in 2025 to Ras Al Khaimah Public Services

IVECO and Saeed Mohammed Al Ghandi & Sons celebrate together with Ras Al Khaimah Public Services the delivery with a dedicated handover ceremony

Ras Al Khaimah, 21st October 2025

IVECO in partnership with its official UAE dealer **Saeed Mohammed Al Ghandi & Sons (SMAG)**, celebrated the landmark delivery of over **47 units of IVECO T-Way** trucks and **5 Eurocargo** in 2025 to the Ras Al Khaimah Public Services Department (RAK PSD) during an official ceremony held at Anantara Ras Al Khaimah.

This strategic delivery marks a significant milestone in enhancing the operational capabilities of Ras Al Khaimah Public Services. The new fleet will strengthen the emirate's waste management operations and environmental sustainability initiatives, supported by the latest advancements in commercial mobility from IVECO.

The newest acquisition to the Ras Al Khaimah Public Services is mainly composed by **47 IVECO T-Way model AD380T43H trucks**, supplied in 6x4 configuration, that are engineered for exceptional performance, durability, and versatility and designed to excel in the region's demanding conditions. The IVECO T-Way features combine high payload capacity with advanced safety features, modern connectivity, and superior driver comfort making it the ideal choice for heavy-duty municipal operations.

In addition, SMAG delivered to Ras Al Khaimah Public Services also **5 Eurocargo ML180E28** equipped for crash cushion mission that will serve the Ras Al Khaimah area.

During the ceremony, guests had the opportunity to explore a comprehensive display of IVECO's product line-up, representing the brand's full heavy range represented by **IVECO T-Way 6x4 Rigid**, featuring a construction-series heavy-duty chassis and the **IVECO S-Way 4x2 Tractor Head**, designed for long-haul comfort and efficiency.

The event was attended by over 50 distinguished guests, including representatives from the Ras Al Khaimah Government, Ras Al Khaimah Public Services Department, senior executives from IVECO and SMAG and members of press media.

His Excellency Eng. Khaled Fadel Alali, Director General of Public Services Department - Government of Ras Al Khaimah, stated: *"The integration of IVECO T-Way trucks into the Department's fleet aligns with our strategic efforts to enhance operational efficiency and adopt advanced, sustainable technologies across public service sectors. This step supports our mission to deliver high-quality services that meet the growing needs of Ras Al Khaimah's community while upholding environmental responsibility."*

Mr. Ewan Byrne, General Manager, Saeed Mohammed Al Ghandi & Sons (SMAG) said: *"We are proud to strengthen our partnership with Ras Al Khaimah Public Services through this major delivery. SMAG has a long-standing legacy of supporting critical infrastructure projects across the UAE and especially Ras Al Khaimah. This milestone further reinforces our role as a trusted mobility partner for government and private sectors alike."*

Mr. Marco Torta, IVECO Business Manager for Middle East, added: *"This delivery to Ras Al Khaimah Public Services highlights IVECO's commitment to providing durable, efficient, and sustainable transport solutions tailored to the specific needs of our partners in the region. The IVECO T-Way embodies our DNA combining strength, innovation, and reliability for the toughest missions"*.

About Ras Al Khaimah Public Services Department

The Ras Al Khaimah Public Services Department operates according to an institutional strategy that defines its direction and the operational procedures that must be followed in order to achieve its mission and vision. In line with its strategy and objectives, the Department works to deliver projects that apply best practices in infrastructure development and management. The contribution of the Department of Public Services to the overall economic and social development of the Emirate is fundamental to the future of Ras Al Khaimah.

About Saeed Mohammed Al Ghandi & Sons.

Saeed Mohammed Al Ghandi & Sons established in 1972 is a division of the Al Ghandi Auto Group one of the most innovative regional businesses headquartered in Dubai, United Arab Emirates. SMAG provides support, parts and service with state-of-the-art facilities and qualified personal, employing over 70 staff in the UAE and East Africa. SMAG has been a long-standing partner for IVECO and have represented the brand since 1985. The business has a significant

footprint beyond the UAE to encompass East Africa and always looks for new and innovative strategic opportunities to expand the IVECO brand, while ensuring we offer support to our customers, whatever and wherever the mission.

IVECO T-Way: the most reliable and productive heavy-duty truck to face the toughest challenges.

The IVECO T-Way builds on the heritage of robustness and reliability of the brand's long lineage of champion off-roaders. It introduces state-of-the-art technological solutions to exceed all expectations in **productivity, payload capacity, safety, and driver comfort**.

“T” FOR TOUGH: designed and engineered for robustness and reliability.

The IVECO T-Way has been designed to offer best-in-class performance in every off-road mission, **robustness, and torsional rigidity**. It carries over from its predecessors the legendary robustness of the high-resistance steel chassis with a 10mm thick frame, with a Rail Bending Moment at the top of the segment at 177 kNm. The front axle has a maximum capacity of up to 9 tonnes.

Hub reduction on the rear axle is standard to maximize strength and performance.

The new heavy-duty rear suspension system for Tandem axles optimises vehicle weight and improves off-road performance with greater ground clearance and a better departure angle.

The IVECO T-Way delivers all the **power needed for traction and PTO** with IVECO's **reliable** and efficient Cursor 13 engine (13 litres) that develops up to 470 horsepower.

The engines are coupled with the proven **16-speed HI-TRONIX automated gearbox**, which now also features new functions specifically intended for off-road mobility including a Hill Holder function to help departure on steep slopes, Rocking Mode to help recover traction in slippery conditions and Creep Mode for ultra-low speed when idling; for the on-road sections of the mission, the **Ecoroll**, function that uses the vehicle's inertia when travelling downhill enhances the transmission's efficiency.

HI-TRONIX represents the state-of-art in the automated transmission sector and delivers the perfect gearshift strategy for every application.

IVECO

IVECO is the brand of Iveco Group N.V. (EXM: IVG) that designs, manufactures, and markets a wide range of light, medium and heavy commercial vehicles, off-road trucks, and vehicles suitable for any body type.

It constantly innovates and extends its product portfolio to provide every customer with the vehicle that matches their mission precisely. Its full-line offer is designed around the Driver's needs to deliver an excellent experience with a focus on safety and comfort. A wide range of advanced digital, connectivity-enabled services developed to help fleet owners run their fleet efficiently enhance IVECO's complete transport solution.

IVECO pursues its decarbonisation strategy through a multi-energy approach that includes the further development of bio-methane, battery electric and fuel cell technologies.

IVECO operates 7 manufacturing plants and 8 research and development centres. It counts on 3,500 sales and service points in over 160 countries, which guarantee technical support wherever an IVECO vehicle is at work.

IVECO drives the road of change by powering the transformation of the transport industry, propelled by the ambition to be the most reliable partner and full-line player for its customers.
