

## Press Release

### **IVECO and EDRI - IMPORT IVECO TRUCKS AND SPARE PARTS supply 20 IVECO T-Way units with robotized gearbox to Libya Oil**

*IVECO and EDRI - IMPORT IVECO TRUCKS AND SPARE PARTS, one of the official dealers in Libya, deliver to Libya Oil 20 IVECO T-Way tractors, the most reliable and productive heavy-duty truck to face the toughest off road missions*

*Misurata, 19<sup>th</sup> February 2025*

IVECO and EDRI - IMPORT IVECO TRUCKS AND SPARE PARTS, one of the official dealers in Libya, just started the delivery of **20 units IVECO T-Way**, to Libya Oil company at their facility in Misurata. Libya's Oil is a leading national energy company committed to harnessing the natural energy resources of the country in a responsible way, driving long-term progress and improving lives in Libya and beyond.

The 20 units are all **IVECO T-Way tractors, model AT720T47TH 6x4 tractor head** with Hi-Tronix 16 speeds robotized gearbox and will join the Libya Oil fleet for transport of petrol with the IVECO tractor head tank equipped.

**Libya Oil**, as part of Libya National Organization Company, has consistently upheld its role as the guardian of Libya's precious energy resources, weathered numerous challenges and disruptions, standing as a steadfast and trusted institution, dedicated to Libyan people and their prosperity.

**EDRI - IMPORT IVECO TRUCKS AND SPARE PARTS** is one of the oldest dealers in the African territory, more than 20 years of collaboration with IVECO, able to guarantee a very high level on sales and after-sales service for the final customer.

**Elmahjoub Abdulatif, EDRI - IMPORT IVECO TRUCKS AND SPARE PARTS's General Manager**, commented: *"We are delighted to become a partner of Libya Oil, one of the biggest Oil Company in the country. This is a proud achievement for us, expanding our offer with robotized gearbox conquering a so important customer. IVECO has a strong presence in Libya and we are together with them, since more than 20 years offering the maximum effort to*

*improving the sales and the service in the territory and always guaranteeing the final customer the best service ever. We are committed to deliver the best aftersales support for all IVECO customers in Libya through our existing nationwide branch network”.*

**Roberto Fresia, IVECO Business Manager for Libya**, added: *“Hi-Tronix gearbox is a big innovation in our business in Libya. We are very proud to cooperate with Libya Oil, thanks to our strong partnership with our local dealer EDRI. We trust on our product and support the switch to the new gearbox Hi-Tronix 16 speeds in a market where the manual transmission represents 100% of the sales”.*

#### **IVECO T-Way: the most reliable and productive heavy-duty truck to face the toughest challenges**

The IVECO T-Way builds on the heritage of robustness and reliability of the brand's long lineage of champion off-roaders. It introduces state-of-the art technological solutions to exceed all expectations in **productivity, payload capacity, safety and driver comfort**.

#### **“T” FOR TOUGH: designed and engineered for robustness and reliability**

The IVECO T-Way has been designed to offer best-in-class performance in every off-road mission, **robustness and torsional rigidity**. It carries over from its predecessors the legendary robustness of the high-resistance steel chassis with a 10mm thick frame, with a Rail Bending Moment at the top of the segment at 177 kNm. The front axle has a maximum capacity of up to 9 tons.

Hub reduction on the rear axle is standard to maximize strength and performance.

The new heavy-duty rear suspension system for Tandem axles optimizes vehicle weight and improves off-road performance with greater ground clearance and a better departure angle.

The IVECO T-Way delivers all the **power needed for traction and PTO** with IVECO's **reliable** and efficient Cursor 13 engine (13 litres) that develops up to 470 horsepower.

The engines are coupled with the proven **16-speed HI-TRONIX automated gearbox**, which now also features new functions specifically intended for off-road mobility including a Hill Holder function to help departure on steep slopes, Rocking Mode to help recover traction in slippery conditions and Creep Mode for ultra-low speed when idling; for the on-road sections of the mission, the **Ecoroll**, function that uses the vehicle's inertia when travelling downhill enhances the transmission's efficiency.

HI-TRONIX represents the state-of-art in the automated transmission sector and delivers the perfect gearshift strategy for every application.

A vertical blue bar is positioned on the left side of the page, extending from the top to the bottom. It has a gradient, being lighter at the top and darker at the bottom.

## IVECO

IVECO is the brand of Iveco Group N.V. (EXM: IVG) that designs, manufactures and markets a wide range of light, medium and heavy commercial vehicles, off-road trucks and vehicles suitable for any body type.

It constantly innovates and extends its product portfolio to provide every customer with the vehicle that matches their mission precisely. Its full-line offer is designed around the Driver's needs to deliver an excellent experience with a focus on safety and comfort. A wide range of advanced digital, connectivity-enabled services developed to help fleet owners run their fleet efficiently enhance IVECO's complete transport solution.

IVECO pursues its decarbonisation strategy through a multi-energy approach that includes the further development of bio-methane, battery electric and fuel cell technologies.

IVECO operates 7 manufacturing plants and 8 research and development centres. It counts on 3,500 sales and service points in over 160 countries, which guarantee technical support wherever an IVECO vehicle is at work.

IVECO drives the road of change by powering the transformation of the transport industry, propelled by the ambition to be the most reliable partner and full-line player for its customers.
