## Iveco becomes Official Truck Partner of Alfa Romeo Racing

Hinwil, 21<sup>st</sup> February 2019 – Alfa Romeo Racing is delighted to announce that IVECO has become Official Truck Partner of the Team.

IVECO is a leading manufacturer of vehicles, which has a strong presence in its industry around the globe. The company will supply Alfa Romeo Racing with trucks which will play a crucial role in the efficient and safe transportation of the race team's equipment throughout the upcoming season.

### Frédéric Vasseur, Team Principal Alfa Romeo Racing and CEO Sauber Motorsport AG:

"It is a pleasure to welcome IVECO to Alfa Romeo Racing as Official Truck Partner. Having a reliable and safe means of transportation for our equipment is an essential aspect of our logistical operations in Formula One. With IVECO, our team has an experienced partner by our side and we look forward to this collaboration."

### Thomas Rücker, CEO IVECO (Schweiz) AG:

"We are thrilled to be entering into a partnership with Alfa Romeo Racing and to have the opportunity to provide our vehicles for logistics purposes. We consider ourselves extremely fortunate to be able to support a Swiss racing team – especially since our power trains were also developed in Switzerland. Swiss Power Inside or Swissness – with all its precision and merits – is a gene that is common to both our enterprises. I am delighted that this makes such a clear statement about strong cooperation between brands. I wish Alfa Romeo Racing a highly successful new season – empowered by IVECO."

### About IVECO:

IVECO is a brand of CNH Industrial N.V., a World leader in Capital Goods listed on the New York Stock Exchange (NYSE: CNHI) and on the Mercato Telematico Azionario of the Borsa Italiana (MI: CNHI). IVECO designs, manufactures and markets a wide range of light, medium and heavy commercial vehicles, off-road trucks, and vehicles for applications such as off-road missions.

The brand's wide range of products include the Daily, a vehicle that covers the 3 – 7 tonne vehicle weight segment, the Eurocargo from 6 – 19 tonnes, the Trakker (dedicated to off-road missions) and the Stralis, both over 16 tonnes. In addition, the IVECO Astra brand builds off-road trucks, rigid and articulated dumpers as well as special vehicles.

IVECO employs close to 21,000 individuals globally. It manages production sites in 7 countries throughout Europe, Asia, Africa, Oceania and Latin America where it produces vehicles featuring the latest advanced technologies. 4,200 sales and service outlets in over 160 countries guarantee technical support wherever an IVECO vehicle is at work.

### About Sauber Group of Companies:

The Sauber Group of Companies is composed of three entities – Sauber Motorsport AG, which operates the Formula One team – Sauber Engineering AG, which focuses on prototype development and additive manufacturing – and Sauber Aerodynamik AG, which conducts full- and model-scale testing in the factory's state-of-the-art wind tunnel and creates ground-breaking innovations in the field of aerodynamics. The companies collaborate closely to apply the expertise of over 450 dedicated individuals at the headquarter in Hinwil, Switzerland, to all internal and external projects.

Since its founding in 1970, the passion for racing has been at the heart of Sauber. For over 45 years, the innovative Swiss company has been setting standards in the design, development and construction of race cars for various championship series, such as Formula One, DTM, and WEC. ## RACING

Formula One debut in 1993, Sauber Motorsport AG has established one of the few traditional and privately held teams in the sport. After 25 years of competition in Formula One, the company launched a long-term partnership with Title Sponsor Alfa Romeo in 2018 and enters the 2019 championship under the Team name Alfa Romeo Racing.
