

IVECO

Drive the road of change

Power your ambition.

DAILY

New Daily.

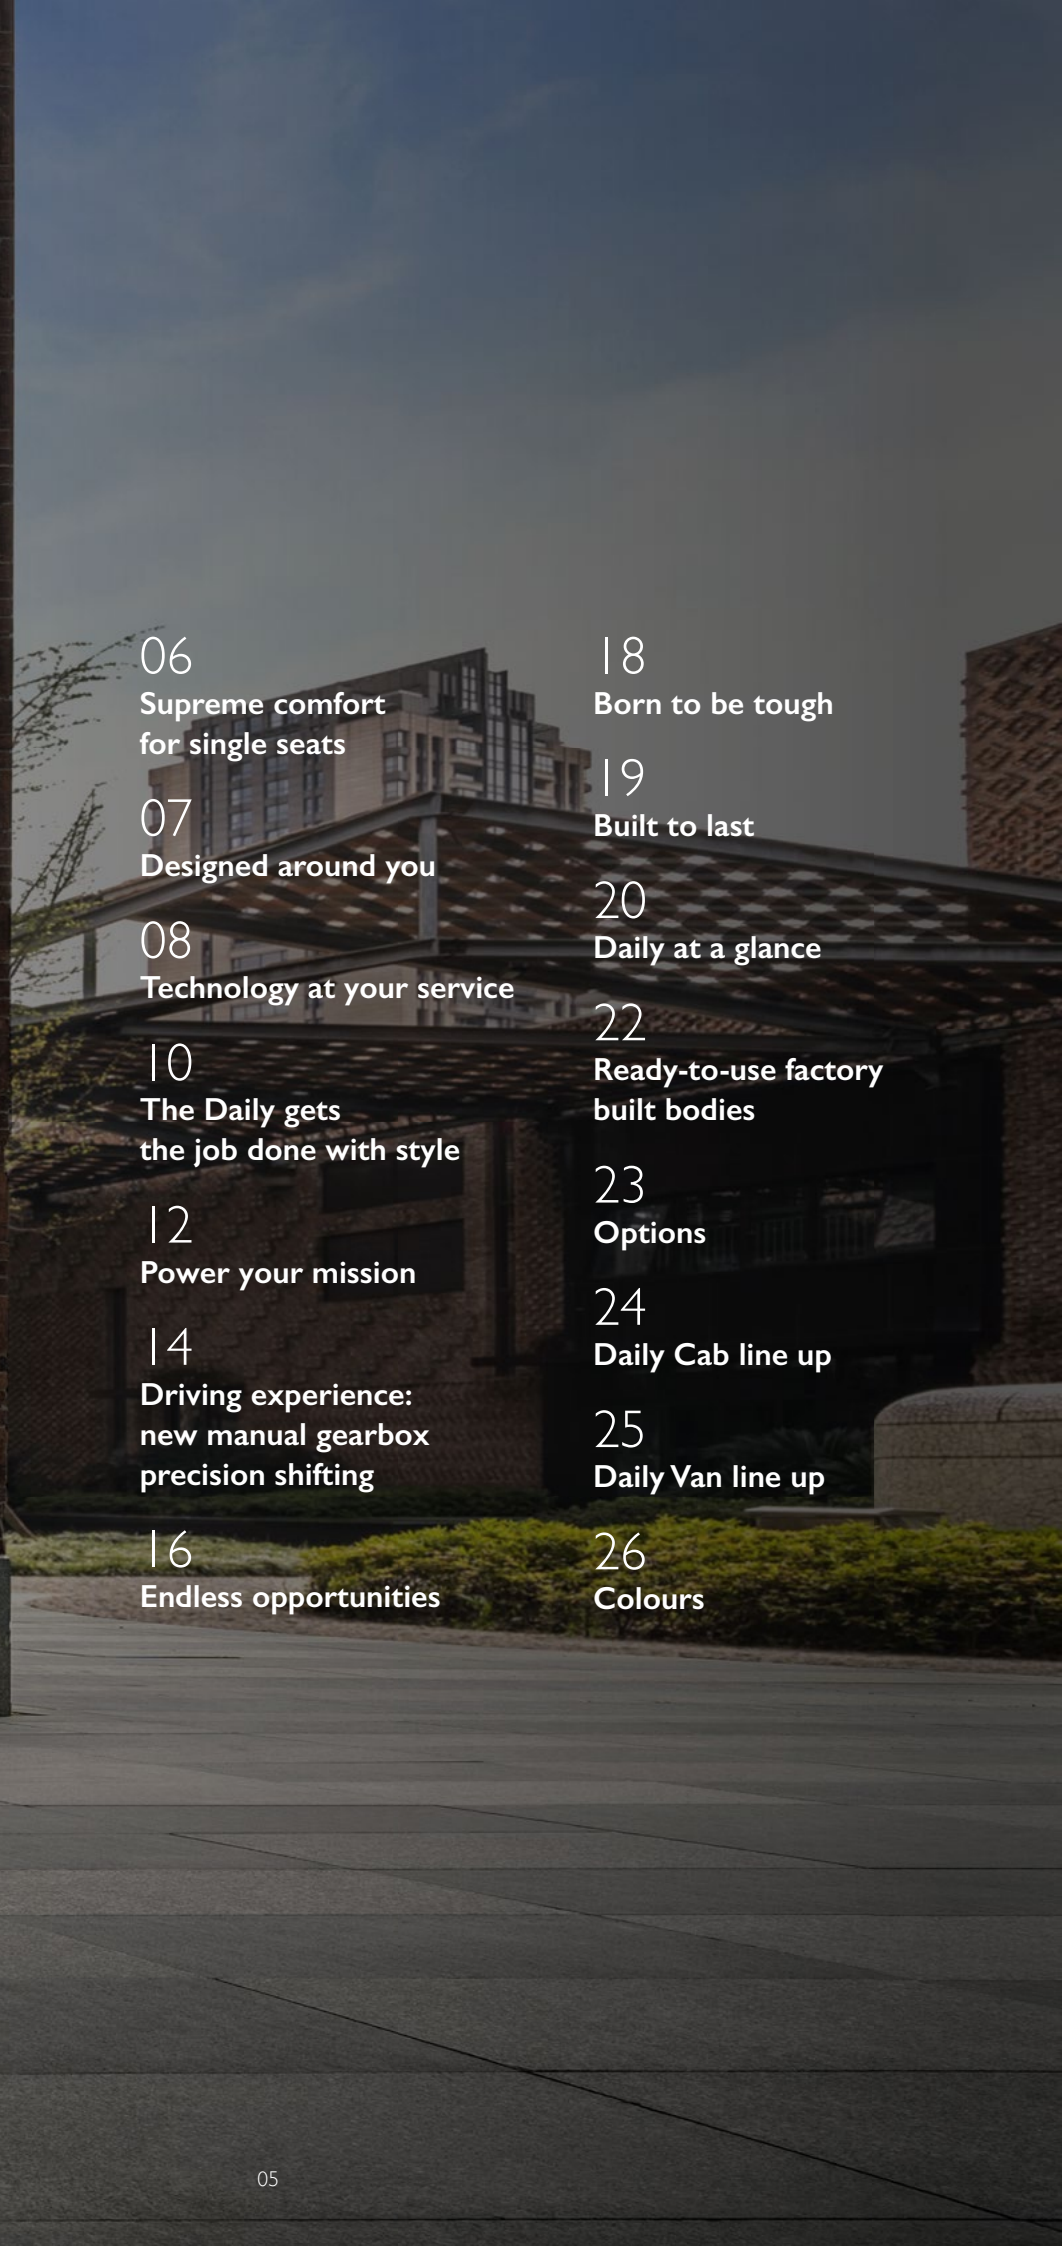

The vehicle that
will power your
ambition.

Once again, the Daily is ahead of the pack, anticipating your needs to future-proof your business. The Daily has undergone a revolutionary evolution that will change your business perspective for ever.

The Daily is designed to help you operate your business sustainably and achieve a healthy bottom line.

In a fast-changing world where automation plays an increasing role, the Daily makes great progress on the path towards autonomous driving and in enhanced safety features.

The Daily is a driver's vehicle: when you spend the majority of your working day behind the steering wheel, you want your on-board living conditions and driving experience to be second to none. Throughout its 40-year history, the Daily has continuously made advances to always provide a first-class environment. True to its heritage, it raises your living and driving experience to the highest levels in the industry.

Supreme comfort for single seats.

New single seats.

- The first LCV with seat cushion, back rest and head rest in memory foam.
- 30% reduction in pressure peaks results in greater comfort and lower risk of back pain.
- +15 mm more contentive foam on lateral elements improves safety and driving experience.
- 20 mm longer and 15 mm thicker front cushion provides better leg support.
- Complete redesign of the seat carter and levers, optimized for easy entry and exit.

Designed around you.

The new HI-ADAPTIVE seats are designed to adapt to the driver and passenger, providing the ultimate luxurious comfort on the longest working days. The Daily is the first Light Commercial Vehicle featuring both seat cushion and back rest in memory foam, which spreads your weight evenly and reduces pressure peaks by up to 30%. The head rest, also in memory foam, absorbs more energy in case of collision, reducing the whiplash effect. First designed for NASA airplane seats, memory foam is highly energy absorbent and soft; it moulds to the body, distributing body weight evenly and protecting against impact.

- 1** The central pads of the cushion and back rest, and the head rest – all in memory foam – mould to your shape, providing supreme comfort and protecting you from back pain
- 2** The foam of the side sections has been optimized in density and lengthened by up to 15 mm to improve containment
- 3** The front cushion, 20 mm longer and 15 mm thicker, provides better support for the legs of taller people
- 4** The side carter and lever have been redesigned to make it easier for you to get in and out of the vehicle

Technology at your service.

The Daily uses technology to provide a superior driving experience and the perfect working environment. Life on board is easier, more comfortable and more productive than ever.

- 1 SUPERIOR DRIVING COMFORT AND ERGONOMICS**
The Daily's entire steering system has been redesigned to give you the on-board living experience of a passenger car. You can make both axial and angular adjustments to the steering wheel and set up the perfect driving position for better comfort and ergonomics. The smaller, leather multifunctional steering wheel puts a wide range of controls at your fingertips and leaves more leg room, adding to your overall comfort
- 2 EASY, CLEAR INTERACTION**
The new high-resolution colour display cluster provides a user-friendly, intuitive interface that makes it extremely easy to interact with your Daily and access in real time all the key settings and information you need to get the best from your vehicle
- 3 MYIVECO INFOTAINMENT: THE NEW INFOTAINMENT SYSTEM**
The Daily features a user-friendly infotainment system with a 7" screen, DAB radio, voice recognition, TomTom® car and truck navigation system, and rear camera display. You can easily bring your digital life on board with Apple CarPlay and Android Auto™, which enable you to mirror your device and enjoy your apps in full safety while driving
- 4 HIGH VISIBILITY LED**
The new full LED lights significantly improve visibility and obstacle perception by 15% with a much sharper beam that carries further. While making a strong design statement you will also enjoy savings on your Total Cost of Ownership, as the LED lights have an extremely long life. No distractions, no effort

The Daily gets the job done with style.

The Daily has always been popular for its looks – but with the New Daily, design always goes hand in hand with function. It has been designed with attention to detail, and every element serves a purpose. With your New Daily, you go about your business, completing your mission efficiently and profitably!

Stylish and functional dashboard.

The elegant dashboard with its sweeping lines, the new high-resolution colour display cluster and the MYIVECO Infotainment multifunctional screen positioned at the centre put all the information and controls you need within easy reach.

Cost-saving design: 3-piece bumper.

Bumpers are easily damaged on urban missions and in busy traffic, and the cost of repairing them can build up. The modular 3-piece design means that you don't always have to replace the entire bumper: in 90% of cases only the damaged section is replaced, with consequent significant savings on repair costs.

New front grille.

The new wider front grille increases the perception of aerodynamics and embodies the IVECO family feeling.

Power your mission.

Top-notch engines to unleash your talent.

Top performance in every mission

The Daily's focus on efficiency delivers a further step towards zero-carbon transport hand in hand with fuel economy that will benefit your bottom line and the top-class performance you need to complete your mission effectively. Design improvements will reduce your maintenance costs, adding to your profitability. True to its heritage the Daily offers FIC 3.0 litres heavy duty engine with two different emissions: Euro III/IV 146 hp and Euro V 150 hp.

Perform at your best

You can rely on the Daily to deliver all the power, traction, load carrying capacity and quick response you need to complete your mission efficiently – all this with excellent fuel economy and low total cost of ownership.

Choose your performance

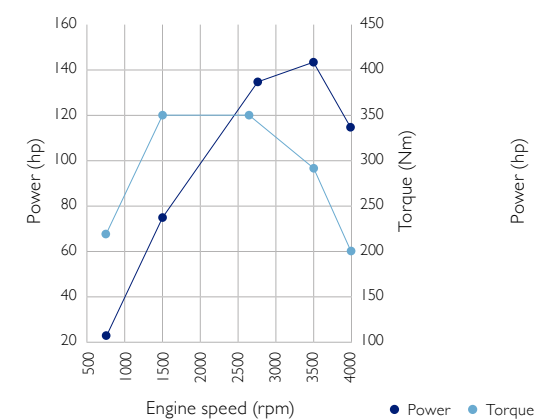

The FIC 3.0 litres engines provides best excellent fuel efficiency with 2 power ratings: 146 hp in Euro III and 150 hp in Euro V. If you are looking for absolute driving pleasure, the class-exclusive HI-MATIC is available in Euro V.

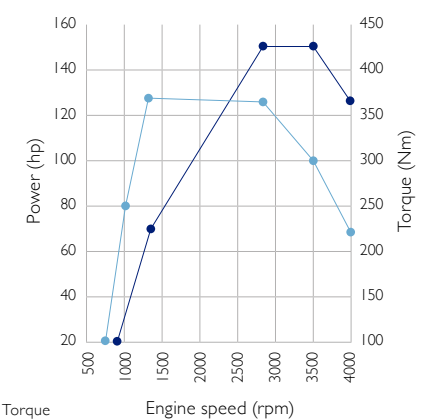

3.0-litre FIC diesel engine

Driving experience: new manual gearbox precision shifting.

The **new manual gearbox** offers an excellent driving experience with best-in-class shiftability and precision. Free play has been reduced by 50% compared to previous models. On Euro V it requires longer gearbox oil change intervals up to max 350.000 km, further lowering the Daily's TCO.

The new FT 50.6 Manual Gearbox

State-of-the-art shifting comfort

New transmission shifter.
Optimized synchronization system.

Best-in-class for precision

Specific feature in new transmission shifter system.

Improved efficiency

New bearings and sealings and enhanced lubrication system.

Longer gearbox oil change intervals on Euro V

New fully synthetic oil.

Excellent torque-weight ratio (8.8 Nm/kg)

Minimized weight and increased input torque.

HI-MATIC

Absolute driving Pleasure

The Daily's exclusive Hi-Matic® 8-speed automatic transmission is available across the range, delivering all the benefits of comfort, safety, fuel economy and performance.

* Available only on Euro V range.

Endless opportunities.

A Daily for boundless ambitions.

Fulfill your ambitions

The Daily is the most versatile vehicle in its class. Its extensive model line-up and bodywork options open up a wealth of opportunities: whatever your mission – be it urban multi-stop deliveries such as parcel or courier service, or heavier transport missions like construction or moving furniture – you can find and customise the Daily to perfectly match your operational and business requirements.

The perfect vehicle for your mission

The Daily offers the widest line-up in the industry – it is the only vehicle in its class that ranges from 3.5 ton all the way up to 7.2 ton of gross vehicle weight, with wheelbases from 3000 to 5100 mm, opening up a wealth of possibilities for a wide variety of missions from urban deliveries, to heavier transport jobs in the construction sector. The Daily's unique versatility means that, whatever your mission, you will find the perfect vehicle to fulfil the ambitions you have for your business.

Extreme customisation

The Daily is designed and built to offer virtually endless bodywork options, making it easy to customise for your specific needs. It is perfect for highly specialised and demanding adaptations, such as rescue vehicle or ambulance.

The perfect van for your mission

The Daily offers the widest line-up in the industry – it is the only van that ranges from 3.5 ton all the way up to 7 ton of gross vehicle weight, with cargo volumes from 7.3 m³ up to 19.6 m³. The Daily's unique versatility means that, whatever your mission, you will find the perfect van to fulfil the ambitions you have for your business.

Born to be tough.

No one comes even close.

With the Daily you will get the most demanding jobs done faster and with fewer trips: you will save time and money – and reduce your carbon footprint.

Built to last.

Designed to deliver enduring value.

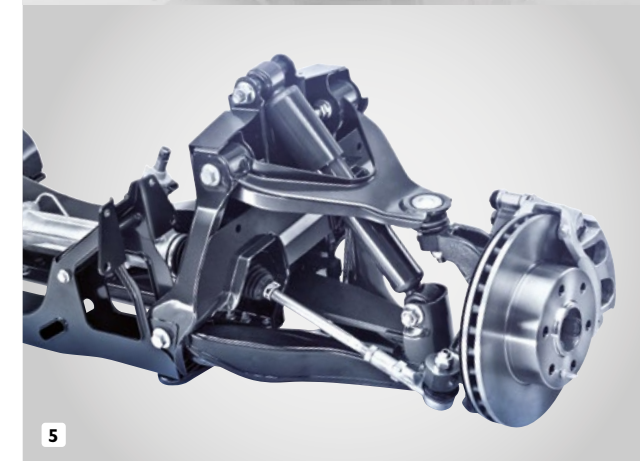

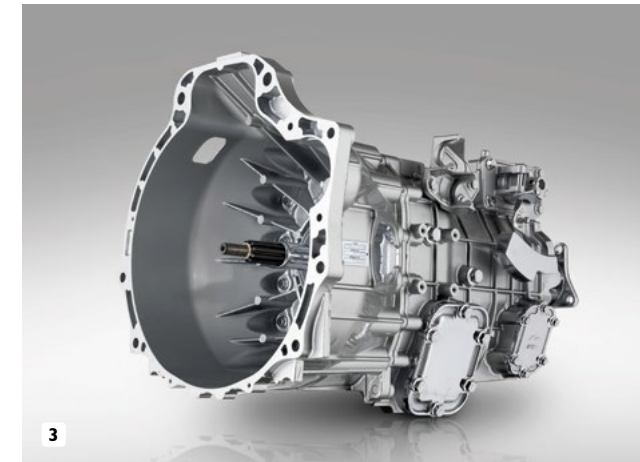

You can always rely on the Daily for its strength and power. It will carry the heaviest payloads and deliver its top-notch performance day in, day out, exceeding any other vehicle on the market.

Carry a bigger payload with the high-performance front suspension, which raises the maximum permissible load. You can count on a front axle maximum load capacity of up to 1900 kg on the 3.5-tonne models featuring the lighter, strong QUAD-LEAF suspension, or even higher, as much as 2700 kg, if you opt for a twin wheel model with the QUAD-TOR suspension.

Count on best-in-class performance for life with the Daily's driveline. The advanced transmission ensures the high-efficiency engine always runs at optimal speed, resulting in excellent long life performance. **Add value to your business** with the Daily, which will reliably carry your large payloads, benefiting your bottom line with its excellent fuel-efficiency and low TCO, right up to the end of its long life.

Daily at a glance.

1 SUPREME COMFORT FOR SINGLE SEATS

- Memory foam seat, backrest and headrest
- Increased comfort and reduced fatigue
- New seats style and textile
- Redesigned side carter and lever for easier exit
- Bigger and more contentive seats

2 TECHNOLOGY AT YOUR SERVICE

- Manage all the information and key settings you need through the new user-friendly high-resolution colour display cluster
- Enjoy your digital life and infotainment on the MYIVECO Infotainment 7" screen

3 ENHANCED DRIVING EXPERIENCE WITH NEW MANUAL GEARBOX

- Free play reduced by 50%; best-in-class shiftability and precision
- On Euro V longer gearbox oil change intervals up to max 350.000 km
- 18% increase in clutch durability
- Up to 20% reduction in gear shifting effort

4 ENDLESS OPPORTUNITIES

- Whatever your mission, find the Daily that matches your requirements. Ranging from 3.5 to 7.2 ton GVW
- Customise your Daily from the extensive availability of bodywork solutions allowing for a wide variety of missions
- Select the version that satisfies your business requirements: chassis Cab, crew Cab and chassis cowl
- Take full advantage of the benefits of the Daily chassis, the toughest and easiest to transform thanks to its C-section frame in high-strength steel

5 BORN TO BE TOUGH

- Load your Daily to its maximum capacity and get the most demanding jobs done faster and with fewer trips – day after day, year after year
- Count on a front axle maximum load capacity as high as 2700 kg on the 7.2-tonne model with the QUAD-TOR suspension

6 BUILT TO LAST

- Load your Daily to its maximum capacity every day, year after year, in the knowledge that it can be relied on to complete every mission effectively
- Benefit from all the strength of the only light commercial vehicle with a truck-like solid steel chassis side members, up to 5 mm thick
- Get the job done faster and with fewer trips thanks to its bigger payload capacity of up to 4700 kg

Ready-to-use factory built bodies.

IVECO offers a complete range of ready-to-use vehicles with equipment included - a vehicle you can count on to support your every day job, whether in construction or goods delivery, with the certainty of quality in every mission so that you can focus entirely on your business.

Ready-to-go solution

An integrated and versatile offer that enables you to find a road-ready solution (vehicle + body) at your dealership.

Extended value

The body design, engineering and production processes are in line with IVECO's high quality and durability standards. The vehicle's robustness and safety maximize the value transferred to you.

Time-to-market advantage

The production and logistics flows are optimised to reduce time-to-market and achieve the best delivery time for a bodied vehicle.

Complete Assistance

IVECO's widespread service network across Europe offers complete assistance on the equipment mounted on all IVECO Daily vehicles.

Options. Tailor your Daily to fit your job.

DAB RADIO
Enjoy all the DAB radio functionalities and connect your smartphone or tablet to the vehicle.

OPEN COMPARTMENT WITH INDUCTIVE CHARGER
Ensure your mobile device always has a full battery: place it on the useful inductive charger next to your paperwork in the storage compartment integrated in the dashboard.

PASSENGER BENCH WITH EXTRACTABLE TABLE
Use your laptop and do your paperwork on the practical extractable table.

TABLET HOLDER
The useful tablet holder on the dashboard can safely keep in place mobile devices of all sizes. It can also be used as a practical clipboard to keep your paperwork in place.

AIR CONDITIONING WITH MANUAL OR AUTOMATIC CONTROL
Maintain a pleasant temperature in the cab with the Daily's air conditioning system. Choose from the efficient manual control or the automatic climate control that optimises the use of the compressor, reducing energy consumption.

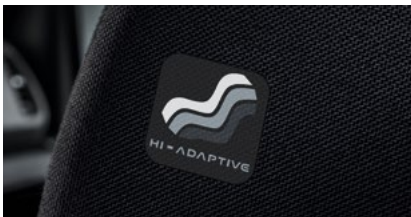

FULL LED HEADLIGHTS
The sharper beam of the LED lights carries further, improving your visibility and obstacle perception by 15%. You will also save on maintenance as the LED lights have extremely long life.

WEBASTO INDEPENDENT HEATER
Cold starts are a thing of the past with the Webasto independent heater: set the timer to preheat the engine and the cab, and step into your pleasantly warm Daily Van when you are ready to go.

LEATHER STEERING WHEEL
Enjoy the luxurious feel of the leather steering wheel on your long days at work with all the controls at your fingertips. No distractions, no effort.

SUPREME SEATING COMFORT
Memory foam in the cushion and back rest of the single seats and even the headrest ensure maximum comfort.

SUSPENDED SEATS
The suspended seats, also available heated, offer extra comfort for the driver and passengers.

PREMIUM HEADREST
Drive in safety and comfort with the new premium textile foam headrest.

ENHANCED DRIVING EXPERIENCE WITH NEW MANUAL GEARBOX.
The new manual gearbox offers an excellent driving experience with best-in-class shiftability and precision. Free play has been reduced by 50% compared to previous models. On Euro V it requires longer gearbox oil change intervals up to max 350.000 km, further lowering the Daily's TCO.

Daily Cab line up.

Choose the right Daily to satisfy your business needs

The Daily offers the widest model range in the industry, with as many as 8000 factory versions to choose from. They combine the different wheelbases and power ratings, to match a broad

spectrum of missions. The Daily was born to serve the transport professional and has followed its sound business instinct throughout the years, anticipating the evolution of the industry and expanding the range to meet the increasingly wide variety of requirements.

- 1 MAXIMUM BODY LENGTHS**
from 2510 mm to 6190 mm
- 2 WHEELBASE**
from 3000 mm to 5100 mm
- 3 GROSS VEHICLE WEIGHT**
from 3.5 to 7.2 ton

Chassis Cab single wheel

The chassis Cab single wheel, with body lengths up to 4495 mm, gross vehicle weight up to 3.5 ton and payload up to 1600 kg, offers strength and comfort combined with excellent bodybuilding flexibility.

Chassis Cab twin wheel

The chassis Cab twin wheel version is available in body lengths up to 6190 mm, gross vehicle weight up to 7.2 ton and payload up to 4700 kg. It stands out for its unrivalled robustness and versatility.

Crew Cab

The robust Crew Cab can accommodate the driver and 6 passengers, travelling in comfort.

Daily Van line up.

Choose the right Daily to satisfy your business needs

The Daily Van offers the widest model range in the industry, with as many as 8000 factory versions to choose from. They combine the different wheelbases, power ratings, volumes, internal heights of the load compartment and load capacities to match a broad spectrum of missions.

Cargo volumes

The wide offering of wheel bases, roof heights and rear overhangs results in a vast range of cargo volumes. In fact, the Daily is the only van offering cargo volumes from 7.3 m³ right up to the unique 19.6 m³.
