Press Release

Vanessa Ferrari at the Gymnastics Gran Prix in Milan

Vanessa Ferrari, already several-times world champion in Artistic Gymnastics and sponsored by Iveco, will be among the protagonists of the Gymnastics Grand Prix at Datch Forum in Milan, on Saturday 3 November.

Vanessa will engage in an exhibition called "Evolutions" by the coach Michela Francia – a preview of the choreography under preparation for the Beijing Olympics – that represents passion driving to go beyond one's limits, thanks to the power of a dream.

The show takes place in the framework of the Iveco sponsorship, whose corporate values are a perfect match for those of the Brixia sports club and their world-famous athletes: determination to achieve winning results, performance, an ability to keep promises, and team work. Fundamental values for achieving ambitious results, whether in sport or in business, and regardless of the spirit and method of expression of the individual disciplines.

Iveco

Iveco designs, manufactures, and markets a broad range of light, medium and heavy commercial vehicles, off-road trucks, city and intercity buses and coaches as well as special vehicles for applications such as fire fighting, off-road missions, defence and civil protection.

Iveco employs over 24,500 people and runs 28 production units in 16 Countries in the world using excellent technologies developed in 5 research centres. Besides Europe, the company operates in China, Russia, Australia, Argentina, Brazil, and South Africa. More than 4,600 service outlets in over 100 Countries guarantee technical support wherever in the world an Iveco vehicle is at work.
