# A NEW CITY STYLE

Unique design, aerodynamic lines, high-end finishes. Much more than a bus, the Crealis is a new, valuable tool designed to energize your city.

## SPACE AND COMFORT

With its optimal light and intelligent use of space, the Crealis offers an unprecedented sense of comfort.

- ⊕ Natural light thanks to a greater glazed area
- ⊕ Powerful, long-lasting LED lighting
- ⊕ Excellent accessibility to the 4 platforms
- ⊕ Thermal comfort with air curtains on each door

## CUSTOMISED SERVICE

To ensure the BRT project is configured to meet public transport authorities' expectations, the Iveco Bus Design and Customisation services are provided by experienced team to transport engineers and urban planners:

- ⊕ Exclusive interior ambience
- ⊕ Customisable livery
- ⊕ Available in two lengths

Customisable roof

## NEW BUS RAPID TRANSIT

Efficient, affordable and attractive, the Crealis is a real and responsive solution to your transport issues.

### PEACE OF MIND, EVERY DAY

As the forerunner and leader of the BRT segment, Iveco Bus already has over 400 Crealis vehicles in operation. A real success story that confirms the value of this impressive mode of transport.

- + Rapid, scalable roll-out
- + Attractive and structuring
- + Speed and regularity
- + Technology in harmony with the buses

## ENGINE

The Crealis has 3 engines to suit your needs:

- + High performance with CURSOR 9 DIESEL:
  - efficiency of the Euro VI Hi-SCR engine
  - up to 400 hp
- + High experience with the CURSOR 8 CNG:
  - CNG network developed over 20 years
  - new era of clean transport with biomethane
- + High economy with the SERIES HYBRID:
  - 30% CO2 emissions
  - «Arrive & Go» electric mode at stops
