

**IVECO**

Drive the road of change

**Perfect Crossing.**  
Built to cross all terrains.

**IVECO X-WAY**

# Discover what's new in your IVECO X-WAY!

**XCURSOR 13 ENGINE,  
UP TO 10% FUEL SAVING**

**INTERIOR DESIGN  
AND DRIVING ERGONOMICS**

**OUTSTANDING DRIVER  
ASSISTANCE SYSTEMS**

**A WORLD FULL  
OF CONNECTED SERVICES**

# Built for your needs.

## **PROFITABILITY AND SUSTAINABILITY**

Up to 10% improvement in fuel consumption and reduced CO<sub>2</sub> emissions thanks to the new powertrain, vehicle controls and improved aerodynamics.

## **NEW DIGITAL COCKPIT**

Digital driver cockpit including new TFT instruments, new infotainment and mirrorless camera. New steering wheel and controls ensure comfort and safety for the driver in every operation.

## **ASSISTED DRIVE AND GSR**

New Highway Assist, Adaptive Cruise Control with Stop&Go and GSR functionalities.

## **NEW AXLE VERSIONS AND CONVERSION CAPABILITIES**

New axle versions suitable for every mission and vehicle configuration.

## **IVECO SERVICES SOLUTIONS**

Mobility Solutions tailored to your needs. Better productivity and uptime with enhanced remote controls and connected services.

# Exterior style.

## Stylish in all environments.

The new IVECO logo is available in chrome or matt gun metal finishes. There are eight grille options to choose from. These include glossy finishes, metallic elements or even body-coloured allowing operators to adapt their IVECO X-Way to mirror their corporate branding. The new mirrorless camera allows for a better visibility for the driver and improves aerodynamics aiding fuel economy. The front face includes headlamps with LED daytime running lights as standard, LED headlamps available, radar for ADAS functions, steps and grab handles to access the windscreen and side air deflectors designed to keep the door and mirrors clear even in adverse weather conditions. The bumper offers a choice of Plastic, Hybrid and Steel solution with a choice of colours to match the requirements of your specific mission. For off-road use a full steel bumper is available.

## The right cab for you.

Choose from the full width AS sleeper cab with low or high roof for longer distance use or the compact AT sleeper cab with low or high roof for more regional missions. For those missions that don't require a sleeper can, the AD day cab is the ideal choice.

# A driver-centric touch and feel for superior comfort and safety.

Superior onboard living thanks to a new interior design, a new dashboard customizable, fully adjustable steering wheel, full TFT instrument cluster (10 or 12 inch) and infotainment (10 inch) and electric parking brake. State-of-the-art car like feeling: more vertical steering wheel, lower driving position for enhanced comfort and responsiveness.

## A new interior design

The driver and passenger's comfort is guaranteed by a choice of seats with all with full backrest. Choose from vinyl, fabric or leather, heated, air suspension, lumbar support and even seat belt colour. With the improved ergonomics with the steering wheel and controls, every driver will be comfortable.

## Everything in its place

Compartments for storing objects and documents, both inside and under the cab. 2 USB connections are available as standard on the dash panel. Cup and bottle holders.

## Foldable table

The new foldable table on the passenger side of the dash panel is ideal for those tasks in the cab that require a flat worksurface.

# Perfect for your mission.

With the IVECO X-Way, you can find the ideal vehicle for those missions that feature off-road work.

## The ideal set up for your mission.

Choose the configuration that best suits your needs:

### ON configuration

#### **PERFECT FOR MOSTLY ON-ROAD MISSIONS**

- On-road approval (N3).
- Optimal road comfort and reinforced frame.
- Easy cabin access and excellent visibility for safer working conditions.

### ON+ configuration

#### **PERFECT FOR MISSIONS ON DIFFERING TERRAINS, ENSURING VEHICLE MOBILITY UP TO THE LAST MILE**

- On-road approval (N3).
- Approach angle and ground clearance higher than ON configuration.
- Improved protection of bumpers.

### OFF configuration

#### **PERFECT FOR MOSTLY OFF-ROAD MISSIONS**

- Off-road approval (N3G).
- Ability to tackle steep slopes and approach angles to deliver the best performance in the off-road sections of your mission.
- Lower maintenance and repair costs compared to pure off-road vehicles.

## New axle versions and conversion capabilities.

### **NEW HIGH EFFICIENCY SINGLE REDUCTION DRIVE AXLE 18X HE IDEAL FOR HEAVY HAULAGE AND LIGHT OFF-ROAD MISSIONS WITH GCW=50/60T**

Reinforced 9 ton tag axle now available on rigid 6x2P diesel and CNG/LNG. Perfect for rear loader Refuse Collectors. New pre-equipment to facilitate Body Builder installations with electric/electronic Interfaces. Push switches in the upper shelf and the dashboard, pre-installed wirings from cab to chassis and from BB Connectors to windscreen header panel, dedicated slots for additional rocker switches in the dashboard.

## Tipper

The IVECO X-Way tipper will get you everywhere you need to go: Choose from a wide range of wheelbases, axle configurations, single and hub reduction, on and off-road setups, powerful engines. Create a configuration to match any customer need, maximizing the profitability for your business.

## Hook & skip loader

The IVECO X-Way offers the outstanding manoeuvrability, compact overall dimensions, ground clearance and traction you need from your hook or skip loader. The extensive range of configurations provides the flexibility to match your mission precisely: distribution with many loading and unloading cycles every day; long distance transport with a couple of cycles a day; urban missions requiring excellent manoeuvrability or driving on difficult terrain.

## Crane & platform

The IVECO X-Way can be fitted with every type of crane, from flatbed to platform cranes. The robustness and modular concept of the vehicle enables cranes to be fitted at the back of the cab, in a central position or at the rear of vehicle with no compromise on stability.

## Gully cleaner

The IVECO X-Way is optimised for easy installation of a gully cleaner body and to provide all the features you need. High performance is essential in this mission, and the new XC13 provides up to 2600 Nm. The clutch independent sandwich PTO delivers the torque required for the suction pump.

## Tipper semi-trailer

IVECO X-Way tractors combine the best fuel efficiency engine XC13, the new ADAS features and the new AS cab completely redesigned around driver's needs. These features give you the confidence to tackle with ease the "last mile" and the difficult conditions of jobsites when making your delivery, while ensuring high productivity, safety and excellent Total Cost of Ownership.

## Mixer

The IVECO X-Way pushes the boundaries when it comes to its exceptionally low kerb weight: with an 8x4 chassis set up for a concrete mixer, featuring a 9-litre engine with up to 400 hp (294 kW) and 1700 Nm, delivers outstanding fuel efficiency.

## Timber

The IVECO X-Way delivers the best power in its class up to 580hp and offers the ideal features to load, transport and unload timber with ease. It will transport your logs comfortably in forests and woods, on the roads, and all the way to your destination thanks to the powerful engines, 3 vehicle setups, the robust chassis, big payload capacity and hydrostatic drive.

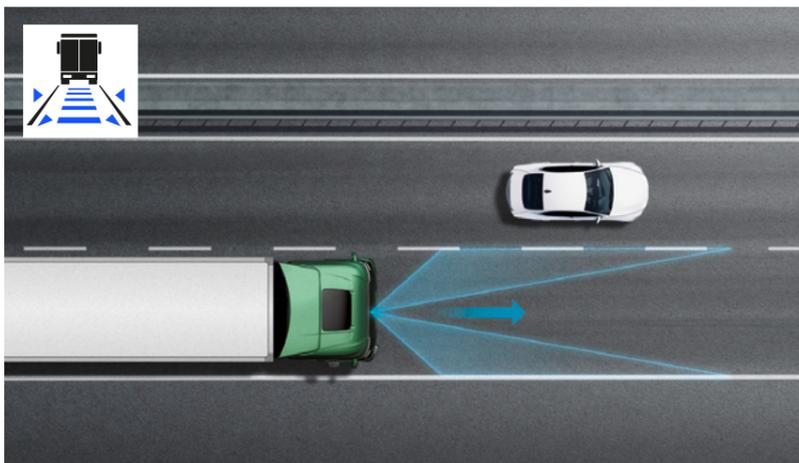

## Refuse collection

The IVECO X-Way with the new 9 ton tag axle is ideal for rear loading refuse collection and other missions with high rear loads.

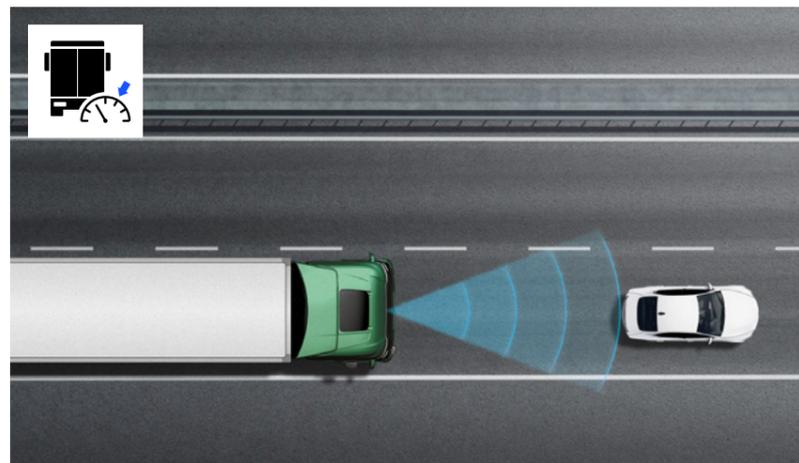

# Advanced Driver Assistance Systems (ADAS).

When technology takes care of your safety and that of other road users to give you a calm, stress-free driving experience. Level 2 ADAS systems support the driver to be more comfortable and safer.

## **HIGHWAY ASSIST**

Actively supports the driver in keeping just the centre of the lane. It uses the Front Camera, Active Steering and the Capacitive Hands-off Detection. Can be automatically activated by the Adaptive Cruise Control.

## **ADAPTIVE CRUISE CONTROL WITH STOP&GO**

Actively supports the driver in keeping fixed speed together with a safe distance to the vehicle in front. It modulates engine and braking power according to traffic conditions. It can follow vehicles in a queue with auto-restart after up to a 3 second stop.

# Outstanding driver assistance.

The latest European General Safety regulations have brought to IVECO X-Way new features for Advanced Driver Assistance Systems and protection of other road users.

## **ALC (Alcohol Interlock)**

Is an alcohol interlock standardised interface for the fitment of compatible aftermarket or OEM alcohol interlock devices.

## **ESS (Emergency Stop Signal)**

Warns the road users behind the vehicle via hazard lights, when braking heavily.

## **BSIS (Blind Spot Info System)**

Detects road users moving at 5-20 km/h speed in the nearside blind spot zone, providing visual and acoustic warnings.

## **MOIS (Moving Off Info System)**

Detects nearby road users in the front blind spot zone, providing visual and acoustic warnings.

## **REV (Reversing Detection)**

Provides a clear view of road users and obstacles behind the vehicle when reversing, thanks to a camera placed in the rear crossmember.

## **DDAW (Driver Drowsiness Attention Warning)**

Monitors the driver alertness and provide a warning when he is drowsy.

## **ISA (Intelligent Speed Assist)**

Aids the driver in observing the road speed limit, providing visual and acoustic feedback.

## **AEBS (Advanced Emergency Breaking System)**

Now available on steel bumper, recognizes a potential front collision, warning the driver and slowing down the vehicle as much as possible. Guaranteed full braking from 80 to 0 km/h.

## **LDWS (Lane Departure Warning System)**

Warns the inattentive driver of the departure of the vehicle from the lane when turn indicators are not activated.

# High-efficiency engines.

New XCursor 13 diesel brings state-of-the-art powerline technologies such as Dual Flow Turbine Volute for Downspeeding, Higher fuel injection pressure (2.500 bar), New lighter cylinder block, crankshaft and camshaft, Smart auxiliaries and Friction reductions. Top Engine rating produces up to 580 hp and 2.800 Nm of torque, perfect for heavy-duty missions that require maximum performance, while 500 hp rating, with 2.600 Nm of torque is the best to maximize efficiency on long-haul missions. Engine weight has been reduced by 10%, while durability standard is now up to 1,6 million kilometres, 33% greater than its predecessor. The new High Performance Engine Brake is the best in the market, capable to substitute the Intarder in most missions.

# Maintenance & Repair.

You can protect the value and performance of your vehicle, and your business productivity with a Maintenance & Repair offer. Our maintenance and repair contracts plans will maximize your vehicle's availability and you can rely on our skilled workforce and guaranteed high-quality IVECO Genuine Parts.

Combine the M&R elements to build a contract tailored to your needs:

**MAINTENANCE**  
Maintenance and lubricants, oils and fluid changes according to the Maintenance Plan as described in the customer handbook.

**DRIVELINE**  
Covers engine, fuel injection, gearbox, transmission propeller shaft and axle repairs.

**NEW**  
**DRIVELINE PLUS**  
Provides an intermediate level of protection, adding to the DRIVELINE contract repairs to exhaust system, starter and alternator, other gearbox components, electricals and PTO Multipower.

**WEAR**  
Covers clutch, brake pads, brake discs, brake drums or brake linings for drum brakes.

**FULL REPAIR**  
Raises further the level of cover extending the DRIVELINE PLUS contract with repairs to the braking system (excluding wear components), clutch cylinder, suspension, heater, air conditioning, air compressor.

## Additional coverage.

You can further customize your cover with additional options:

**ANS 24-Hour assistance**

Roadside assistance service for repairs covered by the warranty.

**Towing service**

Tow truck service conveying to the nearest repair point for repairs covered by the warranty (tow truck not included).

**Auxiliary batteries**

Repair and/or replacement of batteries, including ANS 24-Hour callout where covered under the maintenance agreement.

**Oil top up**

Engine oil filling limited to 2 litres per 3.000 km.

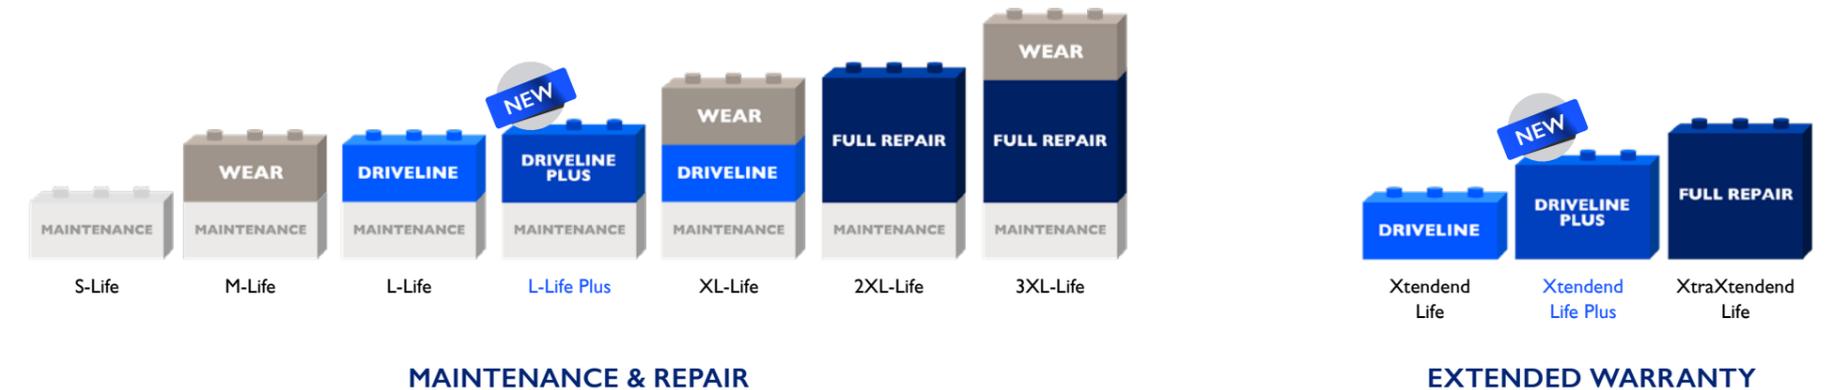

**Light bulbs**

Replacement of faulty lamps.

**Wiper blades**

Replacement of windscreen wiper blades once a year.

Choose and combine to fulfill your requirements:

# IVECO Services Solutions.

The complete development of state-of-the-art vehicles is important to provide our customers with Mobility Solutions that best meet their needs. At IVECO, our goal is to improve the productivity and profitability of our customers' businesses. We do this by maximising vehicle uptime and efficiency, driver safety and environmental protection.

## Uptime

IVECO Uptime Services are designed to maximize your vehicle's uptime by avoiding unplanned stoppages through real-time vehicle monitoring, remote diagnostics and maintenance and repair schedules.

## Productivity & Efficiency

IVECO helps you reduce fuel consumption, optimise routes and improve your drivers' driving style through vehicle performance reporting and analysis, for a more productive and efficient business with lower running costs.

## Driver Care and Safety & Security

Improves comfort and safety levels to make the driving experience easier and more enjoyable. Driver Care services are meant to assist you throughout your journey, making your experience behind the wheel easier and more comfortable. Safety & Security services are designed to promote a safer driving style, monitor the drivers' performance and increase on-road safety.

## Parts & Accessories

Our extensive offer of high-quality parts and services enables you to customize your vehicle and enhance your life on board.

# Service bundles.

All vehicles come with the connectivity box installed, allowing you to activate the Start Pack Standard and combine it with a choice of Premium Mobility Solutions tailored to your business goals (terms and conditions apply).

## Standard

### Start Pack

A set of services aimed to simplify your life on board:

- **IVECO ON Access** for you to monitor your fleet data so to optimize performance and efficiency.
- **Uptime Monitoring & Management** to maximize your fleet availability.
- The new **Easy Way App** to make your life as a driver easier.

## Premium

### Productivity Basic Pack

You can boost your productivity by extending the Start Pack with:

- **IVECO ON Plus**, which enhances your IVECO ON experience with additional remote commands and vehicle positioning updates.
- **Professional Fuel Report** to monitor and set action plans to improve the fuel efficiency of the vehicles in your fleet.

### Driver Assistant Pack

Turn your vehicle into your ideal travel companion with:

- **IVECO Driver Pal**, which transforms your driving experience as you interact with your vehicle through vocal commands.
- **TomTom Live** for truck navigation, live traffic, and speed limit warnings.

### Driver Assistant Plus Pack

Prioritize well-being by extending the Driver Assistant pack with:

- **Driver Health Monitoring**, which monitors the driver's vital health metrics such as heart rate and provides them with recommendations, helping them look after their health.

### Safety Pack

Enhance your safety on the road and your vehicle's security with:

- **IVECO ON Plus** which enhances your IVECO ON experience with additional remote commands and vehicle positioning updates.
- **Professional Safe Report** to evaluate and help your drivers improve their driving style to be safer on the road.

### Uptime Plus Pack

Maximize your vehicle's availability and look after your driver with:

- **IVECO Maintenance & Repair** solutions tailored to your requirements to guarantee your vehicle's maximum uptime and protect your business productivity.
- **IVECO TOPCARE**, the premium assistance service designed to give your drivers peace of mind on the road with maximum support in the event of an unexpected stoppage and return your vehicle on the road as fast as possible.

## Accessories

ENHANCED EXPERIENCE

### IVECO Accessories

Customize your IVECO X-Way to perfectly match your requirements with our wide range of high-quality accessories specifically designed to boost your vehicle's efficiency and performance, increase your safety, and enhance your comfort.

**IVECO**  
00800|4|8|3|2|6|000  
Assistance Non-Stop

**IVECO Assistance Non-Stop** is just a phone call away 24 hours a day, 7 days a week to keep your IVECO X-Way and your business running.

**IVECO Non-Stop** is the original IVECO smartphone application that you can use to communicate with IVECO if your vehicle breaks down. Just insert your vehicle information (VIN and registration plate) and with a simple push of a button you can send a request for assistance to the IVECO Customer Uptime Center. We will take care of your request, activate the nearest workshop and follow up on the vehicle's repair. Through the app you can receive updates on the progress of your vehicle's assistance.

## Genuine Parts

HIGH PERFORMANCE

**IVECO Genuine Parts** will keep your IVECO X-Way performing at its best during its long years at your service – and cost-efficiently. With these parts, you will enjoy the peace of mind of knowing they have been rigorously tested for safety, consistency and reliability, and come with a one-year warranty.

**IVECO**  
**CAPITAL**
