

DAILY e6 BUSINESS INSTINCT

IVECO

Your partner for sustainable transport

DAILY €6

THE VAN WITH THE BUSINESS INSTINCT FOR TRANSPORT

The Daily is the best partner for your business.

It is just as strong, versatile and as **high a performer** as ever. In addition, true to its **business instinct for the transport industry**, it introduces new features that make it an even better partner for your business.

The Daily €6 has put innovation and **technology at your service** to help you manage your vehicle effectively, and enjoy how its lower cost of ownership **contributes to a healthy bottom line for your business**. The €6 engines run cleanly and efficiently, adding to **your sustainable** credentials.

It also takes care of its drivers: the cab is more comfortable and quieter than ever, and with the HI-MATIC transmission drivers will **discover the meaning of absolute driving pleasure**. The Daily €6 is also introducing a new level of connectivity, fully integrating your mobile device with the vehicle so that it becomes your business and driving assistant. **The widest range in the industry** has become even wider to meet the evolving and broadening spectrum of requirements of your business and of transport operators around the world.

The Daily €6 is the perfect partner, with its unfailing **instinct** for **anticipating your business needs** and providing the solution when you need it, year after year.

Download it from the App Store or Google Play to get exclusive access to extra images, information and videos.

PROFIT MAKER

THE BEST PARTNER FOR YOUR BOTTOM LINE

The Daily €5 is the professional partner that will help you achieve a healthy bottom line. You can choose and personalise the vehicle that perfectly fits your business needs thanks to the widest model line-up on the market. You can count on the job being done efficiently with low running and maintenance costs (Total Cost of Ownership). Being the best partner for your business also means that you can always rely on a professional service network whenever and wherever you need it.

UP TO 8% FUEL SAVINGS*

The Daily €5 further improves on its reputation for delivering fuel economy. The Variable Geometry Turbocharger, available on models from 136 hp to 180 hp, ensures a **more efficient use of the engine**. The EcoSwitch solution has evolved: the new EcoSwitch PRO intelligent system knows when to step in and reduce torque without intervention from the driver, **reducing fuel consumption** with no compromise on your productivity. The exclusive IVECO Driving Style Evaluation system helps you improve the way you drive, just as if your driving instructor was sitting right next to you, which can result in **significant additional fuel savings**.

UP TO 12% REDUCTION IN MAINTENANCE AND REPAIR COSTS**

The longer maintenance intervals, extended to 50,000 km thanks to longer lasting components and consumables, give you **20% more up-time between services**. The optimised braking system with new, tougher brake pads is more efficient and durable than ever.

On top of that, wherever you are, whatever the time, you can count on a professional and specialised service network that will keep your business running.

* Compared to equivalent Euro 5b+ models and according to the New European Driving Cycle (NEDC).

** Compared to equivalent Euro 5b+ models.

The intelligent EcoSwitch PRO system knows exactly when to step in without intervention from the driver, recognizing if the vehicle is loaded or not, **reducing fuel consumption** and further **lowering emissions**.

The **Driving Style Evaluation (DSE)** system is like having an instructor on board, giving real time suggestions to your driver on how to optimise his driving style with a consequent reduction in fuel consumption. Experience has proven that just following the DSE's suggestions can **save as much as 15% of fuel**.

SUSTAINABLE TECHNOLOGY

POWER AND EFFICIENCY AT YOUR SERVICE

The Daily €€ van applies its business instinct to advanced engine and transmission technologies in order to deliver the top class performance you need to complete your mission efficiently and reliably. The new engine line-up delivers more power and torque, while reducing the Daily €€'s impact on the environment with its low emissions.

ENGINE TECHNOLOGIES TO MAXIMISE EFFICIENCY

LP-EGR technology without AdBlue®: models that run IVECO's 2.3-litre F1A engine with Low Pressure Exhaust Gas Recirculation are ideal to keep the vehicle management as simple as possible. A host of features such as the variable displacement oil pump and the turbocharger will ensure you enjoy **excellent fuel economy** - and lower running costs - as well as more power and torque.

SCR technology: models with 2.3-litre F1A or 3.0-litre F1C engines featuring Selective Catalytic Reduction after-treatment solution benefit from this simple system that doesn't change the combustion process, so you have **all the power and efficiency you need** with low operating costs.

The beand new 2.3 litre F1A engine featuring the SCR technology is the "one-step-ahead" engine, anticipating the future. It has been tested and verified for the more stringent regulations starting from 2020 that will measure emissions in real-life driving conditions (RDE), in addition to the laboratory homologation cycle.

Natural Power technology: Daily Natural Power delivers the same performance and transient response as its diesel equivalent, because it features a true diesel engine adapted to run on Compressed Natural Gas. It is a **clean-running vehicle** and **remarkably quiet**, which is an added benefit in urban areas with low emission zones.

THE WIDEST ENGINE AND GEARBOX LINE-UP

The Daily €€ uses advanced engine and transmission technologies to deliver the top class performance and outstanding fuel savings that you need to complete your missions effectively, reliably and with remarkably low environmental impact.

HI ♦ MATIC

THE ABSOLUTE DRIVING PLEASURE

IVECO's exclusive HI-MATIC 8-speed automatic transmission delivers all the benefits of comfort, safety, fuel economy and performance on an increasingly wide range of models, to satisfy all your business needs.

PRODUCTIVE COMFORT

ENJOY YOUR PROFESSIONAL WORK ENVIRONMENT

The Daily €6 combines its natural vocation for transport with superior comfort, functionalities and driveability. When you are at the wheel, you can relax in the comfort of the cab, knowing that you are getting the job done efficiently. The cab provides you with a professional work environment brimming with new features to help you run your business.

All imagery on these pages show use of tablets or smartphones that are not included in the vehicle standard equipment.

EXPERIENCE ULTIMATE EFFICIENCY IN YOUR MOBILE OFFICE

The **functional dashboard** combines style with practical and useful features. You can plug in your mobile phone or tablet and recharge another device in the 2 USBs, and you can add the optional inductive charger. The **quality and layout of the controls** make it easy to drive comfortably.

The **numerous storage compartments** have been designed to maximise accessibility. Up to 18 of them, including a new and useful **open compartment**, are **strategically placed** around the cab and **easy to reach**, so that you can keep your documents and work materials organised and handy.

The new **DAB radio** integrated in the dashboard offers all the main DAB and FM features: for example, you can select the radio station by name, read the title of the programme or song you are listening to, set it to receive traffic and weather announcements, and pre-set up to 15 stations, to name a few.

The easy-to-read redesigned cluster coupled with the proven ergonomics of the dashboard controls, where everything is close at hand and in its right place, make it easy to drive safely and comfortably.

EXPERIENCE ULTIMATE COMFORT

The cab is now even **quieter** as the interior noise level has been significantly reduced. The **4-decibel reduction** has improved vehicle acoustics and sound recognition **by 8%**.

The **comfortable interior**, enhanced with a new **leather steering wheel**, together with the **blue seat upholstery** and the new **textile foam headrest**, provide a professional environment where you and your passengers can work productively and in full safety.

The door panel has been redesigned with an open compartment where, for example, you can store the first aid kit. The cab offers up to 18 practical storage compartments so that you can keep all your personal and working materials close at hand and organised.

The dashboard and door panel finishing are available in a full black version and, for those who are looking for exclusivity, in the stylish two-colour blue and black version designed for complete harmonisation with the cab upholstery.

ON-BOARD CONNECTIVITY

THE SIMPLE WAY TO KEEP YOUR BUSINESS CONNECTED

The Daily €6 introduces a new way of delivering connectivity: you don't need any additional equipment, just your smartphone or tablet. Once you've downloaded the DAILY BUSINESS UP™ app on your device, it will automatically establish a Bluetooth® connection with the vehicle once paired with the DAB radio: it is now fully integrated and in direct communication with your Daily €6 and its engine. Now you're set: with DAILY BUSINESS UP™ on your device, just start the engine, switch the radio on, and you are connected. You can enjoy the benefits of the dual role it can play for your business, driver and business assistant.

YOUR DRIVER ASSISTANT

DAILY BUSINESS UP™ can serve as the driver's instructor through the Driving Style Evaluation system, as navigator with the Sygic Professional GPS navigation system, and help increase efficiency in the day-to-day work as well as ensuring the vehicle remains in top condition.

And, of course, it provides all the multimedia infotainment features you might expect to find in a high-end car.

The conveniently placed tablet holder can hold smartphones and tablets of different sizes.

With DAILY BUSINESS UP™ you can:

- Get on-the-job driving instruction with the Driving Style Evaluation system
- See trips analytics for each one individually or for aggregated trips
- Find the best route with the Sygic professional GPS navigation system
- Monitor additional vehicle functions with the extended dashboard
- Easily check the Interactive User Handbook if you need any information about your vehicle
- Manage multimedia content and smartphone functions including listening to text messages
- Contact IVECO Assistance Non-Stop, the 24/7 roadside assistance service

YOUR BUSINESS ASSISTANT

DAILY BUSINESS UP™ can help you schedule jobs and communicate your updates in real time to your driver. You can organise your driver's itinerary and assignments in order to optimise the use of the vehicle, and manage your fleet efficiently to the benefit of your business.

With DAILY BUSINESS UP™ you can:

- Optimise your fleet's deployment, schedule jobs and dispatch them in real time to the drivers with Sygic FleetWork which is fully integrated with the vehicle's Sygic GPS navigation system
- Monitor your fleet's performance thanks to the new web customer portal
- Keep track of the routes taken and consult the driving style to improve consumption
- Monitor your drive's operation consulting the new multivehicle card
- Improve your driver's performance with DSE on-the-job training
- Keep track of scheduled services with Maintenance Plan alerts
- Keep in touch with IVECO and up-to-date with the latest Daily news
- Find the nearest IVECO Dealership and Service point
- Access all the vehicle's information at a touch of the screen

UNRIVALLED PERFORMANCE

TOP-NOTCH ENGINES TO UNLEASH YOUR TALENT

The Daily €6 delivers all the traction, load carrying capacity, power and quick response you need coupled with excellent fuel efficiency, and you can count on this top-notch performance being maintained over many years of service. You can choose the performance that is the best fit for your mission: maximum power ranges from 116 hp at the entry-level model to 205 hp, the highest in the industry for 4-cylinder engines. The choice includes the new 136 hp VGT and 180 hp models, as well as the F1A 2.3-litre top performer: 156 hp VGT. On top of this, maximum torque can be as high as 470 Nm for the F1C 3.0-litre engine. All engines are optimised for top performance in every mission, and will give you high mileage at maximum efficiency. For transport businesses looking for quiet operation and a sustainable solution, the Daily HI-MATIC Natural Power 136 hp that runs on Compressed Natural Gas is the perfect answer with the best comfort.

VGT: Variable Geometry Turbocharger; WG: WasteGate; TST: Twin Stage Turbocharger

Strong performance over time with the flat torque curves, higher torque and higher horsepower at low engine speeds.

UNLIMITED VERSATILITY

A DAILY VAN FOR BOUNDLESS AMBITIONS

The Daily €6 is the most versatile vehicle in its class with the widest line-up in the industry. It is the only van that ranges from 3.3 right up to 7 tonnes of gross vehicle weight, and from 7.3 m³ up to 19.6 m³ cargo volumes. With its endless versatility, it opens up a wealth of possibilities for a wide variety of missions from urban multi-stop deliveries, such as parcel or courier service, to heavier transport missions like moving furniture. The number of bodywork options available offers an extensive variety of possible missions, making it easy to customise and turn into a rescue vehicle or an ambulance, for example. The Daily €6 has applied its sound business instinct for the transport industry to anticipate your needs: whatever your mission, you can find the model that matches your requirements - it is capable of completing your missions with ease, efficiently and with low cost of ownership, and with a kind eye to the environment, contributing to your business's sustainability.

The range offers a choice of versions to fit your transport requirements.

	VAN	SEMI-WINDOWED VAN	WINDOWED VAN
GROSS VEHICLE WEIGHT	 3.3 - 7 t	 3.3 - 5.2 t	 4.5 - 6.5 t
	LOW ROOF (H1)	MEDIUM ROOF (H2)	HIGH ROOF (H3)
CARGO VOLUME	 7.3 - 9 m ³	 10.8 - 17.5 m ³	 13.4 - 19.6 m ³

INNATE ROBUSTNESS

FORGED TOUGH. NO ONE EVEN COMES CLOSE

The Daily €6 van was born to handle the most demanding jobs: it has the DNA of a truck and is built like one. With GVW ranging all the way up to 7 tonnes, it will carry its maximum load weight all day, every day, if you need it to. The high performance front suspension not only gives excellent vehicle control, but also raises the maximum permissible load. The lighter, very strong QUAD-LEAF suspension, available on all 3.5 tonnes models, allows for a front axle maximum load capacity of up to 1,900 kg, while with the QUAD-TOR suspension on twin wheel models it is as high as 2,500 kg. With the Daily €6's bigger payloads, you will get the job done quicker and with fewer trips, saving on running costs and reducing your carbon footprint.

The high payload of the van, up to 4 tonnes, and the biggest cargo volumes up to 19.6 m³, make it possible to move the same volumes in fewer journeys, consequently reducing costs and increasing productivity.

UNIQUE DURABILITY

DESIGNED TO DELIVER ENDURING VALUE

The Daily €6 van has a load capacity no other vehicle in its class can match and it is built to carry on with its high performance day after day, year after year - longer than any other van. The driveline, with its reliable engine and transmission that ensure the engine is always running at optimal speed, will enjoy a long life and maintain its top-notch performance right up to the end. The Daily €6 will be good for your bottom line every day that it works for you; it doesn't miss any opportunity to add value to your business!

The Daily €6 will always get you out of a sticky situation - it will never let you down when you need its strength and power.

DAILY HI-MATIC €6

THE ABSOLUTE DRIVING PLEASURE

FIRST 8-SPEED AUTOMATIC GEARBOX IN THE INDUSTRY FOR BEST COMFORT AND SAFETY

The new gearbox generation is designed to provide absolute driving pleasure: with the ergonomic multifunctional shift lever you are fully focused on the traffic and driving conditions. HI-MATIC is the solution for enhanced safety while driving comfortably.

OUTSTANDING FUEL ECONOMY THANKS TO A CHOICE OF ECO OR POWER MODES

It perfectly fits your daily work with the self-adaptive shift strategy. Your Daily HI-MATIC €6 smoothly engages the correct gear in less than 200 milliseconds. With the widest ratio spread, the engine will always be in the optimal gear.

UP TO 10% LOWER MAINTENANCE AND REPAIR COSTS VS MANUAL TRANSMISSION THANKS TO RECORD RELIABILITY AND DURABILITY

Designed with durability in mind, the new solutions protect the engine and transmission to ensure less maintenance. Our engineers have ensured that the legendary durability of the Daily is surpassed.

BEST IN CLASS PERFORMANCE, HIGHEST POWER (205 hp) AND TORQUE (470 Nm)

With an extra wide range of engines available, two displacements 2.3-litre and 3.0-litre, from 116 up to 205 hp and from 320 to 470 Nm of torque, matched with the record gross weight of 7 tonnes, the Daily HI-MATIC €6 offers the best range available for the most demanding tasks.

The new front grille creates a horizontal line linking the headlamps and giving fluidity to the vehicle's design. The Daily HI-MATIC €6 family is now even more easily recognisable thanks to the exclusive chrome grille.

LINE-UP

CHOOSE THE RIGHT DAILY TO SATISFY YOUR BUSINESS NEEDS

The Daily €€ van offers the widest model range in the industry, with as many as 8,000 factory versions to choose from. They combine the different wheelbases, power ratings, volumes, internal heights of the load compartment and load capacities to match a broad spectrum of missions. The Daily van was born to serve the transport professional and has followed its sound business instinct throughout the years, anticipating the evolution of the industry and expanding the range to meet the increasingly wide variety of requirements.

CARGO VOLUMES

The wide offering of wheel bases, roof heights and rear overhangs results in a vast range of cargo volumes. In fact, the Daily €€ is the only van offering cargo volumes from 7.3 m³ right up to the unique 19.6 m³.

MOVING PEOPLE

EXPERIENCE THE COMFORT OF A DAILY JOURNEY

The Daily Minibus €€ offers the premium comfort, for both driver and passengers, and low operating costs of the other models in this remarkable vehicle family. You will be able to complete all your passenger transport missions and be sure that your customers are travelling in a stylish environment and enjoying the luxurious comfort it offers them, even for long distance journeys.

A DAILY MINIBUS FOR EVERY NEED

The extensive range of the Daily Minibus €€ is able to meet a wide variety of requirements for different passenger transport missions: **tourist mission** for travelling with comfort and style, **intercity mission** with a category-leading passenger capacity and **school buses** specifically designed for student transport.

Three types of engines are available: **Diesel**, **Natural Power** (Compressed Natural Gas for reduced environmental impact) and **Electric** (equipped with 2 or 3 high-density batteries, combined with super-capacitors).

The Daily Minibus range offers the best performance in its category thanks also to the innovative HI-MATIC 8-speed automatic gearbox designed to ensure maximum performance, minimal running costs, unbeatable comfort and superior gear changes.

At the top of the range, the 6.5 tonnes version can seat up to 22 passengers and offers ample luggage space: it is the **best standard vehicle in its class** on the market.

OPTIONS

TAILOR YOUR DAILY €6 TO FIT YOUR MISSION

DAB RADIO
Enjoy all the functionalities of Digital Broadcasting Radio with high speed dual tuner and voice recognition. View radio station and programme information on the 4-row display, and receive traffic, weather and news announcements as you go. Connect your smartphone with Bluetooth® so you can drive safely while making hands-free calls.

DAB RADIO + DAILY BUSINESS UP™
Enjoy all the DAB radio functionalities and connect your smartphone or tablet to the vehicle to turn it into your ideal business partner with the DAILY BUSINESS UP™ app.

IVECONNECT
Control the functionalities of your Daily's infotainment, telephone and navigation integrated system from a practical 7-inch touch-screen. You can connect up to 5 mobile phones with Bluetooth® for hands-free calls and control both radio and phone on the steering wheel.

OPEN COMPARTMENT WITH INDUCTIVE CHARGER
Ensure your mobile device always has a full battery; place it on the useful inductive charger next to your paperwork in the storage compartment integrated in the dashboard.

TABLET HOLDER
The useful tablet holder on the dashboard can safely keep in place mobile devices of all sizes. It can also be used as a practical clipboard to keep your paperwork in place.

USB INPUT
Charge your smartphone or tablet with the additional USB plug on the dashboard.

PASSENGER BENCH WITH EXTRACTABLE TABLE
Use your laptop and do your paperwork on the practical extractable table.

SUSPENDED SEATS
The suspended seats, also available heated, offer extra comfort for the driver and passengers.

PREMIUM HEADREST
Drive in safety and comfort with the new premium textile foam headrest.

LEATHER STEERING WHEEL
Enjoy the luxurious feel of the leather steering wheel on your long days at work.

AIR CONDITIONING WITH MANUAL OR AUTOMATIC CONTROL
Maintain a pleasant temperature in the cab and keep the allergens out with the Daily's air conditioning system. Choose from the efficient manual control or the automatic climate control that optimises the use of the compressor, reducing energy consumption.

WEBASTO INDEPENDENT HEATER
Cold starts are a thing of the past with the Webasto independent heater: set the timer to pre-heat the engine and the cab, and step into your pleasantly warm Daily van when you are ready to go.

REAR AIR SUSPENSION
If your mission requires intensive loading and unloading activity, you will appreciate the rear air suspension, which quickly lowers and raises the loading bed so that you won't waste any time.

ECOSWITCH PRO
The intelligent EcoSwitch PRO system knows when to step in without intervention from the driver, reducing fuel consumption and further lowering the emissions generated by your Daily €6.

Telma ELECTROMAGNETIC RETARDER
The Telma® LVRS600 electromagnetic retarder provides the vehicle with a braking torque of 350 Nm, with full compatibility with the ESP system. Available also on the Daily HI-MATIC family, it provides up to 80% of vehicle braking needs, reducing brake wear and temperature and increasing vehicle safety. It is enabled from a special lever on the dashboard, and is operated by pressing the brake pedal.

LANE DEPARTURE WARNING SYSTEM (LDWS)
The system gives off a clear acoustic warning signal to warn the driver of any unintentional lane changes due to drowsiness, tiredness or distraction. Standard on models above 3.5 t Gross Vehicle Weight.

CRUISE CONTROL
The system memorises and maintains the vehicle at the speed set by the driver. Particularly suited for interurban missions and in regular traffic conditions, it makes driving more comfortable and optimises fuel consumption.

CARGO COMPARTMENT LED LIGHTS
The three new cargo compartment LED lights, positioned on the right and left sides and above the rear doors provide better illumination and reduce energy consumption.

ALLOY WHEEL
Only available for single wheel versions. Alloy wheels, the perfect combination of function and style, lighten the over tare by 6 kg thus increasing the useful load.

WHEEL HUB COVERS
Only available for single wheel versions. The wheel hub cover protects the hub cap and wheel from accidental knocks against pavements, adding to the style of the vehicle.

OPTION PACKS

CONFIGURE YOUR DAILY €6

The various packs are grouped into three main categories to help you create the exact model you need for your business. You can choose how well equipped you want your Daily €6 to be: opt for the well-appointed **Business** pack or the top-of-the-range **Business Premium**. In addition, you can choose the pack that matches your business's mission: **Parcel Delivery** or **Retailer**. And you can further customise it by selecting and combining the available packs according to the functionalities you need - for example, you could opt for the **Towing**, **Winter** or **Eco** packs. You just need to pick the packs you are interested in from the three categories and create your Daily €6, tailored to meet your precise requirements.

ACCESSORIES

ENHANCE YOUR DAILY €6 EXPERIENCE

Customize your Daily €6 by choosing from a wide range of high quality accessories developed to enhance the look, comfort, safety, technology and connectivity of your vehicle.

Load Space Trim

Luggage Rack

Multimedia System «Full Vision»

Smart Driving Auxiliary System

Tyre Pressure Monitoring System

Pushbar

Seat covers & Mats

Lavazza Coffee Machine

FITTING YOUR MISSION

Give your Daily €6's load space the best protection with custom designed trim and flooring resistant to humidity, chemical agents and scratches. Choose from a wide range of luggage racks made of lightweight corrosion-proof aluminum that are easy to install. Complete your luggage rack with the tube holder, the beacon holders and the floor platform for the highest versatility of your vehicle.

BRING HI-TECH ON BOARD

Accessorise your mobile workstation with the most up-to-date features and technology. The "Full Vision" Multimedia System comes complete with navigation system and rear camera to provide a complete multimedia navigation and reversing safety solution. The Smart Driving Auxiliary System features a GPS Navigation system and Digital Video Recorder with a high resolution camera to record in the case of a collision. If you want to be always connected, opt for the 3G Wi-Fi router, which supports up to 10 Wi-Fi devices simultaneously on line.

ALWAYS SAFE

Choose from a range of accessories to increase your safety when you drive: a Tyre Pressure Monitoring System to ensure your tyres are always at the right pressure to drive fuel efficiently, or parking sensors for easy manoeuvring. The pushbar, which has European certification, provides front protection and increases active and passive protection of the vehicle and pedestrians. Keep your vehicle and the load compartment safe with the anti-drilling and anti-picking locks and the immobiliser for electronic and mechanical protection.

MORE ENJOYABLE TRAVEL

Choose the seat covers and mats that are most suitable for your activity. Always have a delicious hot drink within reach with the Lavazza coffee machine. The Daily €6 van offers everything you might want to make your life on board as comfortable as you like.

IVECO | Accessories

You can also find the complete accessories line offering in the Accessories Catalogue and in the on-line catalogue using the following link:

Discover the full accessories offering with the free app "Iveco Accessories".

Download it for free from the App Store to get exclusive access to extra images, information and video content.

CUSTOMER SERVICES

DISCOVER THE FULL OFFER OF PROFESSIONAL SERVICES TO BOOST YOUR BUSINESS

PICK THE SERVICE PACKAGE TO MATCH YOUR BUSINESS

The Daily €6 keeps your **business running** and extends its long life at your service. We know that your requirements can vary depending on your different businesses and missions.

That's why IVECO offers the **flexibility of Elements**: you can choose the combination of Planned Maintenance and Extended Warranty services that **perfectly match your business**. And you can further tailor your pack with the available Additional Coverage elements.

MAINTENANCE

- Maintenance
- Lubrification
- Oil and fluid changes according to the maintenance and repair handbook

DRIVE LINE

- Engine
- Fuel injection
- Gearbox
- Propeller shaft and axle repairs

EXTRA DRIVE LINE

- Components not already covered by the drive line element e.g. Electrical System, injection

WEAR

- Clutch
- Brake pads
- Brake discs
- Brake drums
- Brake linings for drum brakes

The major "elements" making up the offer (Maintenance, Drive line, Extra drive line, Wear) can be combined together in order to create the contract that perfectly suits your business. Below is a list of all possible combinations:

PLANNED MAINTENANCE CONTRACTS

Assistance Non-Stop

IVECO ASSISTANCE NON-STOP is just a phone call away 24 hours a day, 7 days a week to keep your Daily and your business running.

IVECO NON-STOP is the original IVECO smartphone application that you can use to communicate with IVECO if your vehicle breaks down. Just insert your vehicle information (VIN and registration plate) and with a simple push of a button you can send a request for assistance to the IVECO Customer Centre. We will take care of your request immediately, activate the nearest workshop and follow up on the vehicle's repair. Through the app you can receive updates on the progress of your vehicle's assistance.

IVECO FAN SHOP

IVECO FAN SHOP

You can choose from a range of IVECO work and leisure clothes, stationery and gadgets at your dealership or at the IVECO online store www.ivecofanshop.com.

IVECO | Genuine Parts
HIGH PERFORMANCE

IVECO GENUINE PARTS will keep your Daily running reliably during its long years at your service - and cost efficiently. The wide offering ranges from new and remanufactured parts to servicing kits and telematics solutions. IVECO operates a network of 8 Parts depots and uses advanced technologies to guarantee 24/7 deliveries across Europe.

IVECO is a brand of CNH Industrial N.V., a global leader in the capital goods sector that, through its various businesses, designs, produces and sells agricultural and construction equipment, trucks, commercial vehicles, buses and specialty vehicles, in addition to a broad portfolio of powertrain applications. It also distributes high performance genuine parts for all CNH Industrial Commercial Brands.
