

THACO donates 30 IVECO Daily Ambulances to Ho Chi Minh City to support fight against COVID-19

TRUONG HAI AUTO CORPORATION (THACO), IVECO's Business and Industrial partner in Vietnam, has donated 30 IVECO Daily Ambulances to Ho Chi Minh City in support of its fight against COVID-19.

Ho Chi Minh City, xx September 2021

THACO, a leading player in the Vietnamese automotive industry, is supporting Ho Chi Minh City's efforts to fight against the COVID-19 pandemic, with the donation of 30 IVECO Daily ambulances to the city's 115 Emergency Center. The ambulances will be used to shuttle COVID-19 patients to hospitals throughout Ho Chi Minh City during the ongoing COVID-19 outbreak in Vietnam.

These ambulances have been transformed locally by THACO based on IVECO vehicles, which are imported as CKD kits and assembled in THACO's plant located in Chu Lai Truong Hai Automotive Industrial Zone.

The well-appointed ambulances are fitted with a full complement of medical equipment, including defibrillators, oscilloscopes, suction machines, and oxygen tank cabinets. Use of the spacious interior has been optimized to feature two seats to accommodate a nurse and a doctor with the patient in the compartment. The ambulance is also equipped with a negative pressure disinfection and cleaning system for transporting COVID-19 patients safely.

THACO was established in 1997 and has since become a leader in the Vietnamese commercial vehicles market. It has been appointed as official distributor and assembler of the IVECO Daily Minibus in Vietnam. The Daily Minibus is supplied in component kits by IVECO for assembly at the THACO factory in the Chu Lai Truong Hai Automobile Industrial Zone, and is sold and supported through the THACO distribution network in Vietnam.

IVECO

IVECO is a brand of CNH Industrial N.V., a World leader in Capital Goods listed on the New York Stock Exchange (NYSE: CNHI) and on the Mercato Telematico Azionario of the Borsa Italiana (MI: CNHI). IVECO designs, manufactures and markets a wide range of light, medium and heavy commercial vehicles, off-road trucks, and vehicles for applications such as off-road missions.

The brand's wide range of products include the Daily, a vehicle that covers the 3.3 – 7.2 ton vehicle weight segment, the Eurocargo from 6 – 19 tons and, in the heavy segment above 16 tons, the IVECO WAY range with the on-road IVECO S-WAY, the off-road IVECO T-WAY and the IVECO X-WAY for light off-road missions. In addition, the IVECO Astra brand builds off-road trucks, rigid and articulated dumpers as well as special vehicles.

IVECO employs close to 21,000 individuals globally. It manages production sites in 7 countries throughout Europe, Asia, Africa, Oceania and Latin America where it produces vehicles featuring the latest advanced technologies. 4,200 sales and service outlets in over 160 countries guarantee technical support wherever an IVECO vehicle is at work.
