Turin, 18th January 2022

PETRONAS Team De Rooy IVECO has once again closed the Dakar Rally with a good performance, succeeding in taking all **three IVECO trucks to the finish line in the Top 10**. **Janus van Kasteren** achieved an excellent fifth place. **Vick Versteijnen**, who stepped in at the last minute, took the challenge in his stride, finishing eighth. **Mitchel van den Brink** also distinguished himself by placing the fast assistance truck in tenth place, exceeding all expectations.

The two IVECO Powerstar and the IVECO Trakker demonstrated the exceptional performance and reliability of IVECO trucks in the extreme conditions and tough tracks of the Dakar 2022 rally.

The twelfth and final stage took the competitors on a 680 km drive from Bisha to Jeddah which included a 164 km Special. Vick Versteijnen was the fastest driver of the team on this stage, driving his IVECO Powerstar hard throughout the stage, even in the narrow tracks with trees, to arrive in sixth position.

Janus van Kasteren played a tactical role for the team, clearing the way at the beginning to give Vick Versteijnen space so he would be less affected by the dust, then focused on getting to the finish line ensuring his fifth place in the overall standings.

Mitchel van den Brink delivered an excellent performance as the Team's fast assistance, exceeding all expectations with a tenth in the overall standings. In the last stage, the young pilot pushed his IVECO Trakker to the very limit, arriving tenth.

The team left Saudi Arabia to return to the Netherlands in high spirits, happy with the results achieved in the Dakar 2022 and are ready for the next challenge.
